**Students:** James Gastelow, Tim Fletcher, Ron Glick, Kate Staples, Sophie Delaney, Rebecca Lunnon, Salma Sarmini, Alana Mazzeo, Laura Boyce, Bethany Gebert, Scarlett Chappell, Daniel Mizzi, Ben Crowley, James Weston, Alex Kwakernaak, Virginia Rose, Sophie Taylor, Tori Palynchuk, Rachel Hands, Kathryn Sharp, Sarah Longden, Ben Snowden, Casey Natalia, Samantha Bui, Amanda Pearce. **Staff:** Richard Geddes, Barbara Gronn and Carol Thomson

## Principal's Report

Camberwell High School — a community, a "family", a haven for some, a place of learning and laughter for many, a unique mix of 43 nationalities, of the rich and the financially disadvantaged, of the highest abilities and aspirations and the less capable and quietly hopeful; a culturally rich community that values music, drama, debating, sport, camps, overseas tours, fundraising for others, leadership, traditions, dignified assemblies, individual and team triumphs; a community supported by generous parents appreciating a staff that is particularly caring, conscientious and competent: Camberwell High School, your school, our school.

This has been a year of 'firsts' with a record-high enrolment at Year 7, the first 7I was created. The enrolment of girls was the highest for 15 years, trebling that of 1994. We reached 1200 students and 85 teaching staff, and our Year 12 students commenced the year with an Orientation-Study Camp at the Monash Halls of Residence. We had overseas trips for students to New Caledonia, Japan and Italy, we invested enormously in learning technologies, we gained a second \$2.1 million capital grant — and we demolished large parts of the original 1939-41 building!

Enough of "firsts"! Where is this wonderful school heading, and what is my/our vision for it? Physically the joy our students and staff have gained from the 2001 Arts—Technology -VCE Centre - Music Centre-gymnasium Complex will be matched next year when our new facilities, including a Resource Centre, are completed.

The high quality of teaching and learning by new and "old" has been reflected in outstanding academic success again this year in national Maths, English, Science, Geography, LOTE competitions, and in our VCE results, placing us officially in the top 15 government schools. From the "Class of 2001", 76% of the Year 12s went on to major universities, and Dux George Yang's ENTER score of 99.80 saw him win the Dean's Award at the University of Melbourne as the top student entering the Information Technology course.

My vision for CHS continues to be for a school where all students are challenged and engaged in their learning, feel safe and valued, achieve to their highest level, and where their personalities and talents are given the fullest opportunities to develop through a rich diet of enrichment learning activities, involvement in music, sport, drama, public speaking and debating, leadership, social service, camps, inter-House competitions, tours..... and so on.

Thank you, members of staff, of School Council, PFA, Parent Networks, working bee attendees and Friends of Music, for all you have given to CHS in 2002. Thank you, students of this excellent school, for being [on the whole] good-natured, hardworking, talented, generous, honest, creative, and hopeful for a better world. May your peaceful, tolerant and accepting attitudes to each other be translated into a school community even stronger, even more supportive and generous, and one which celebrates the concept of doing one's best.

To students and staff departing may I say, "Thank you, and go on to greater endeavours that bring you satisfaction." To all who remain, let me thank you for good things done, and with you, look forward to another year as a proud member of the Camberwell High School community in 2003.

**Elida Brereton**  
**Principal**  
**November 2002**

## School Captains' Report

Continuing in the proud tradition of Camberwell High School, 2002 has seen the emphasis placed on leadership and school involvement strengthen even further.

This being the third year since the positions of School Captains were reintroduced, we are grateful for the opportunity to have led our peers in such an active role, and sincerely hope we have represented them fairly.

Our efforts would not have been possible, however, if it were not for the encouragement and help of other dedicated leadership groups within the school.

## Report from the Junior School Captains.

Camberwell High School can be credited with many achievements but one that stands out immediately is its provision of opportunities for students to develop leadership skills. This year we were both lucky enough to be Camberwell High's second ever Junior School Captains. This has been a great experience and has opened many new doors for both of us.

The role of being Junior School Captains for us involved: running assemblies, welcoming and speaking to potential students, working alongside the S.R.C,

The SRC, Year Level Councils and House, Arts and Sports Captains, to name just a few, have provided us with excellent support. The huge number of events held within the school each year, ranging from assemblies to sports carnivals and music festivals, would surely not be possible without the effort of these important leaders.

being walking billboards for the school, attending functions and basically being role models, advisors and friends to the younger students.

Junior School Captains are fast becoming an influential part of Camberwell High alongside the great leadership and work of the School and House Captains, the S.R.C and the V.C.E students. Being Junior School Captain's has been a rewarding experience and we thoroughly recommend and encourage that future generations seriously consider the job of Junior School Captain.

We wish all future Junior School Captain's the absolute best and

Of course, the success of all of these events depends entirely on the support of the student body as a whole, so congratulations to all for a marvellous year.

Being School Captains has provided us with invaluable experience in terms of organization, communication and general leadership. Providing opportunities like this shows great initiative on the school's behalf, as they not only encourage students to become involved in the school community, but are great preparation for life beyond high school.

Best of luck to next year's school captains. We hope you gain as much from the experience as we have. Thank you Camberwell High School and may this great tradition live on for many years to come.

**Eleanor Bullen and David Evans**

hope that they have as much fun as we have had. Thank you to our peers for electing us and thank you to the teachers for their help and guidance. We wish students, teachers, parents and anyone associated with Camberwell High a safe and prosperous future.

**By Madi Arnold and Peter Evans**

## Public Speaking

Clement Dunn, Samuel Dunscombe and Amanda Pearce all participated in the Ern Ainger public speaking competition held by the Richmond Rotary Club.

All three students did very well and special congratulations to Samuel for getting a special mention in his heat.

## Debating

This year was a very good year in the development of debating at CHS. At the inter-school level we had a total of thirty-two students who participated in the various levels throughout the year. Mrs Thomas and Mrs Watkins were particularly hardworking in helping to organise and prepare the various teams for the competitions. Special thanks go to all the staff members who assisted.

We were able to enter two teams in the Year 9-12 inter-school competition run by the Debating Association of Victoria from March through to June. In the A Grade competition CHS entered a team of Year 12 students who performed very well. The Year 9 team members did exceptionally well and reached the final of their grade in the competition. Well done to Lara Anderson, Heidi Edwards, Peter Evans, Bill Forshaw, Lisa Graham, Chloe Luff and Peter Robinson.

Later in the year, in August and September, we fielded three teams in the Year 7 & 8 competition run by Debating Association of Victoria. Michael Webster, Amanda Pearce and Christine Ward also competed in the Year 9 Kew Rotary Interschool Competition and finished as runners up. The inter-house debating this year was again a very competitive series. Many students from the houses took part in the different levels of the competition and the standard was generally high. The level of enthusiasm was certainly very high. Congratulations to Macarthur who won the senior competition and Montgomery who won the junior competition.

By Sophie Taylor and Tori Palynchuk

## Music

As with every year, Camberwell High is proud to boast its fantastic music program and this year's calendar has been full of concerts, tours and performances. Both the senior and junior bands were busy rehearsing throughout the year for such events as the mid year concert and the end of year concert where they dazzled the audience with their musical talents.

The bands set off on tour this year to Ballarat and Geelong where they played brilliantly and had a fantastic experience. As well as performing, they had a lot of fun and came back with a plethora of stories!

To those who did not attend the Jazz Cabaret evening, you have truly missed out on an exciting, fun filled night. The Stage Band (which boasted three singers- Chad Holmes, Alyson Carter and Salma Sarmini) entertained us with their upbeat, funky tunes which kept us tapping our feet and wanting to dance.

The great Camberwell High tradition of the Choral Festival was yet again a spectacular competition with Macarthur emerging as the victors. All houses put on a great show and gave the judges a difficult time reaching a final decision. Well done to all house captains who helped make it a great night.

Camberwell High also played at the Melbourne Bands Festival. The Bands Festival sees bands from many schools compete for a final prize. Camberwell High did extremely well and made us very proud.

A new addition to the Music Program has been the Choir, which has improved in leaps and bounds since the start of the year. The Choir members have performed at the mid and end of year concerts and surprised the audience with their talent and beautiful voices.

The Concert Band performed at Castlemaine, much to the delight of the locals. Yet again, they have made Camberwell High a name remembered and respected by many.

Thank you to all involved in making the Music Program a stand out success. All the students in the Concert, Symphonic, Beginner, Stage and Junior Jazz Bands should be commended for their hard work, persistence and dedication. Thank you also to any ensembles or others not mentioned for your contribution. It is much appreciated.

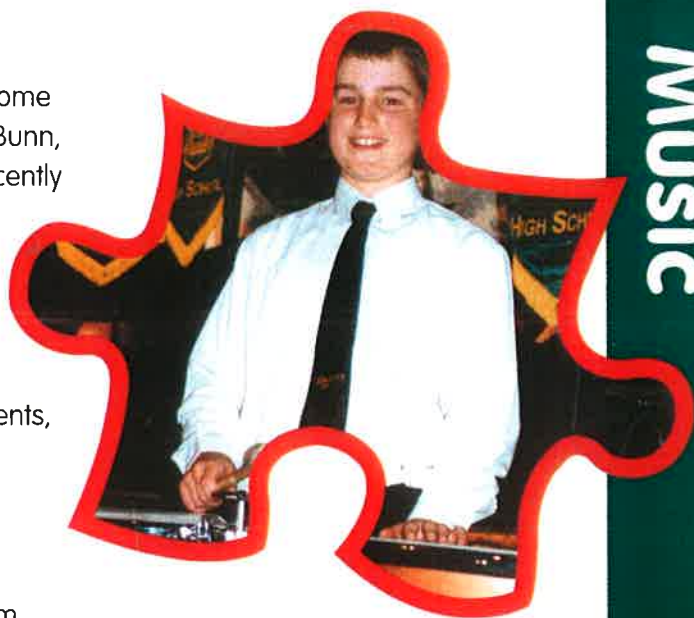

Last, but not least, many thanks go out to all the music staff, without whom none of this could have been achieved. Thank you to Janelle Phillips, Kathryn Cooper, David Hirst, Michael Firth, Penny Stevenson, Ed Grigoryan, Sally Dwyer and Roy John for everything you do. You are all valuable parts of this school.

A special thanks and welcome back goes out to Jemima Bunn, who has returned to us recently from her trip to America.

The Music Program is one of the most valuable features of this school. It not only challenges students, but provides us with a fun environment to do what we all enjoy; play music.

The diversity of the program mirrors the diversity of the school.

By Salma Sarmini

## Montgomery House Report

This year Montgomery was most successful in the Arts Festival that was fun this year with every year level getting involved. This year's theme was Hollywood. Monty did a parody of Alice in Wonderland and ended up coming second to Macarthur, who surprised everyone with their excellent win.

We were disappointed we did not win however Montgomery is motivated to win next year. We had a great time and everyone in Montgomery worked together well.

We didn't perform as we would have liked in the Athletics and Swimming but had a great time anyway. Everyone either participated or cheered.

The support from the students of Montgomery is something we appreciate. The house captains did a great job getting us ready and prepared for all the races. The junior section of the house debating went very well for Monty with us coming first and the senior house debating was also quite successful coming third.

The speakers did very well having only one week to prepare and research their topics. Thanks to all the Montgomery students who participated. All in all Montgomery have had a great time and enjoyed the program offered. We would like to thank all house captains and teachers who helped Montgomery through the year.

By Sophie Delaney and Kate Staples

## Roosevelt

Roosevelt has consistently performed well in all house activities this year. The commencement of this year marked the beginning of the athletics carnival. In this event Roosevelt came a worthy second and repeated this success by being placed second in swimming.

Next came the chorals. Despite some sound efforts by our leaders and the participants the ultimate prize again eluded the team who were placed third. The years house events finished with a bang.

The debating produced fierce competition and respectable high-quality arguments from both sides of the debate.

However, the pressure got to Roosevelt's junior debating team which had provided a good set of arguments, but collapsed under the pressure and came in fourth. The seniors, however, did very well and were placed second.

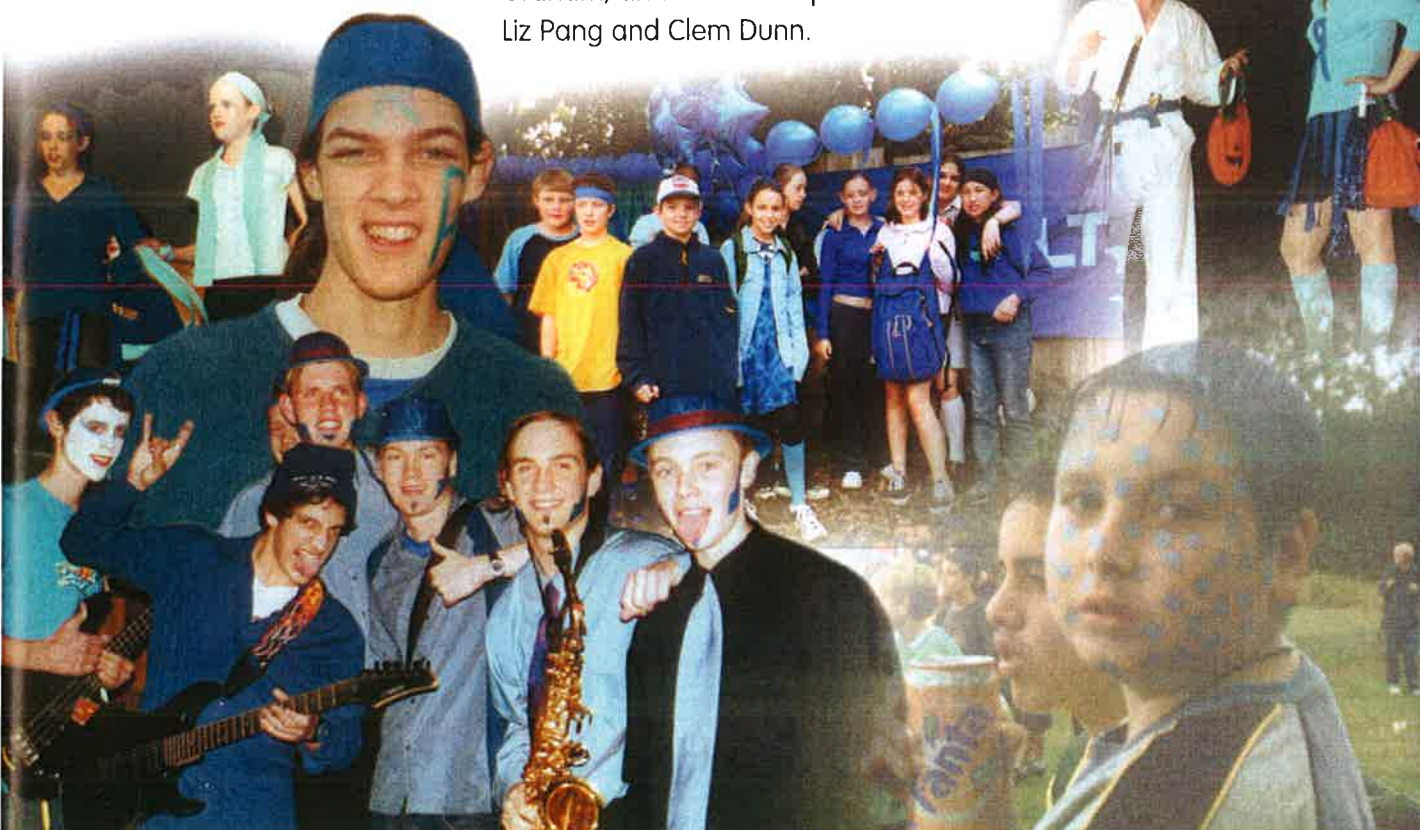

This year, House Captains Nick Olle and Angie Webster have led Roosevelt. The Sport Captains were Jarrod Peat and Claire Graham, and the Arts Captains Liz Pang and Clem Dunn.

Mr Cox was the teacher in charge of Roosevelt and we thank him for his encouragement and assistance.

Overall, a very good performance by the blue house. Well done to all participants and performers. The hard work has paid off.

By Ron Glick and Tim Fletcher

## Macarthur

Another very successful year for everybody in Macarthur. Congratulations to all who took part and special thanks to the staff for their assistance.

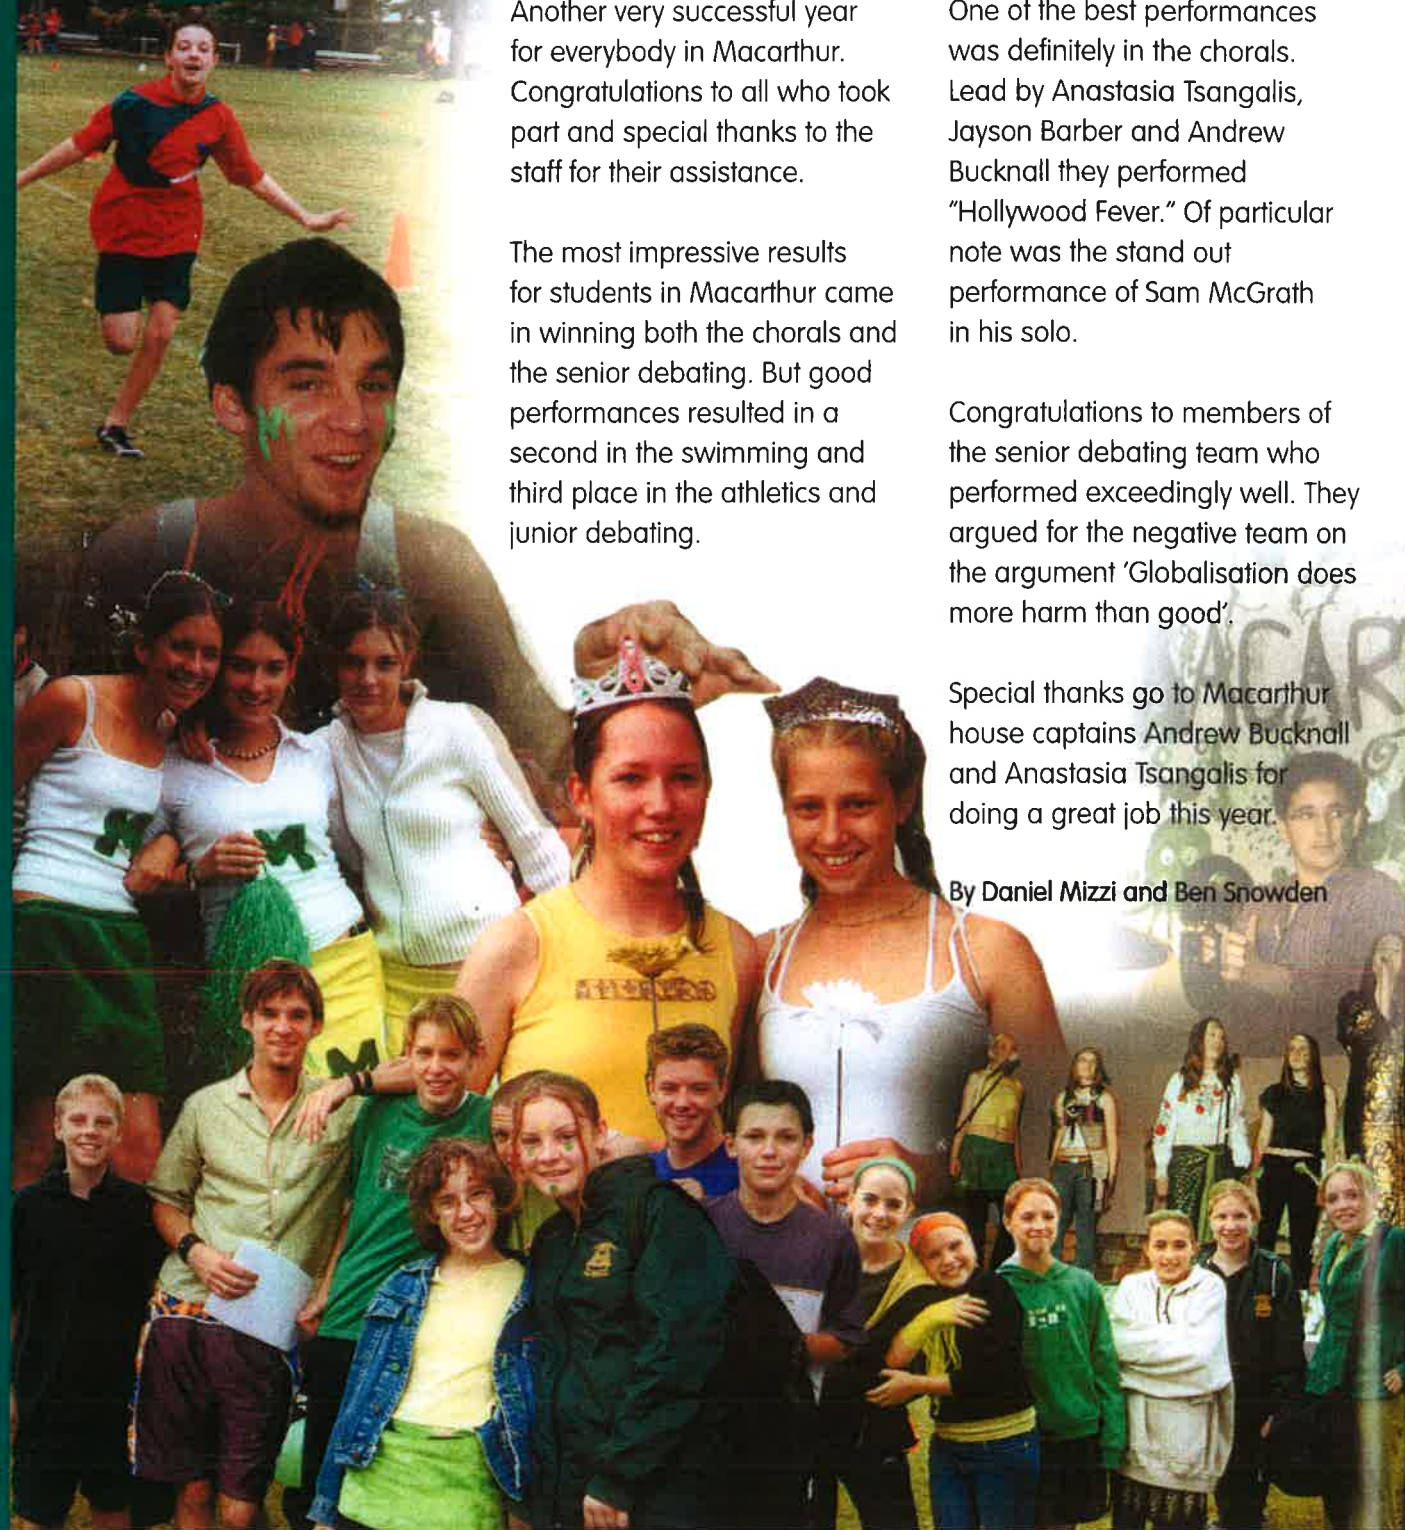

The most impressive results for students in Macarthur came in winning both the chorals and the senior debating. But good performances resulted in a second in the swimming and third place in the athletics and junior debating.

One of the best performances was definitely in the chorals. Lead by Anastasia Tsangalis, Jayson Barber and Andrew Bucknall they performed "Hollywood Fever." Of particular note was the stand out performance of Sam McGrath in his solo.

Congratulations to members of the senior debating team who performed exceedingly well. They argued for the negative team on the argument 'Globalisation does more harm than good'.

Special thanks go to Macarthur house captains Andrew Bucknall and Anastasia Tsangalis for doing a great job this year.

By Daniel Mizzi and Ben Snowden

## Churchill

Churchill continued to dominate in the athletics and swimming segments of the competition this year. They began the year with a flying start coming first in the athletics. Special congratulation goes to Sophie Taylor who bagged four first medals.

Then came the swimming, with the multiple long and short distance events. Churchill blitzed the field winning by a fairly large margin. Ben Monaghan put in an outstanding performance in the swimming.

The chorals, well, this year it was not exactly Churchill's strong area. The group worked hard and performed well but the standard was high and Churchill was placed fourth.

The last house event of the year was house debating, incorporating senior and junior divisions. Churchill performed well in the junior debating and team members were accordingly rewarded with a second place, yielding to Macarthur. The senior debating was another story where Churchill bombed out placing fourth.

This year Churchill was led by house captains Ben Monaghan and Lauren Sheedy, the arts captains were Sam Forsythe and Amanda Davey and the sports captains were Khoa Pham and Sophie Berkaoui. Special thanks go to Ms O'Brien who was the teacher in charge of Churchill.

On the whole Churchill had a productive year and continue to dominate in the sporting fields. Well done to the yellow house.

By Ron Glick and Tim Fletcher

## Sport Report

This has been a very successful year for Camberwell High School sport. We had a number of teams making it to the zone level and some even to state level. Our reputation as a sporting and academic school continues to rise.

Let's hope that this success continues to stay with us for many years to come!

### Athletics:

In the Athletics CHS produced exceptional results, finishing 2nd overall, only yielding to Balwyn High School. We had 19 different individual winners sharing 27 first medals ranging from the Under 13 category right up to the Under 21's. Steven Giddings put in some marvellous performances to win three first medals and take out the Under 15's Age group and Andrew Morris broke the Under 16's 800 metre district record.

### Volleyball:

The Year 7 boys A volleyball team and girls A team both reached the finals but then lost and didn't progress to the zones. The Year 10's volleyball team played well but lost in the finals to Kew. An outstanding performance from Ken Michail.

## Netball:

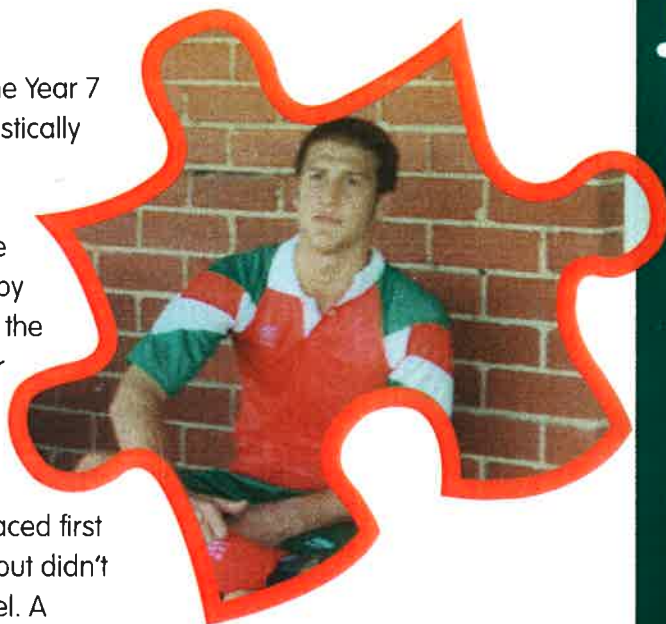

In netball this year we boasted two VCE girls netball teams. Our VCE A team was placed third overall with exceptional Best and Fairest performances by Tara Phillips and Sara Foulds. The VCE girls B team came first at their district competition and came third at the zone level. Overall it was a wonderful effort, which included wins against Canterbury, Kew, Balwyn and Hawthorn schools.

Both our Year 10 and 8 boys netball teams made it through to the state all schools final eight. This was an outstanding performance by all the members of both teams. Both the Year 8 and the Year 10 boys' netball teams managed to be placed fifth out of the eight in these state finals.

## Basketball:

In basketball this year the Year 7 boys' team played fantastically carving through district but sadly losing at the zones. There were some dazzling performances by Luke Crozaer and out of the ordinary coaching by Mr Fernandez.

The Year 8 boys' basketball team was placed first at the inter-school level but didn't win a game at zone level. A particularly good performance from Nick Puli.

## Swimming:

In the district Swimming CHS finished second overall, succumbing to Balwyn High. Fifty students represented CHS at the Northern Pool and took home fifty-four ribbons, with seven firsts, twenty-two seconds and twenty-five thirds. There was an outstanding performance from David Wallis, who bagged four wins. Overall, it was a great effort from all competitors.

## Football:

The Year 8 football team put in some great performances that landed them in zone finals. They almost won but eventually fell apart, losing by four goals despite exceptional captaincy by Jason Lawrence.

The junior girls football did very well this year, narrowly missing out on first place at the last minute. Congratulations to Alex Kwakernaak, Tegan Gaynor, Sophie Taylor, Gemma Fieldsend and Lauren West, all playing exceptionally well throughout the day.

## Tennis:

Another sound set of performances by the school's tennis teams this year. The Year 7 team played consistently and reached the district finals.

## Softball:

The Year 7 Softball A team won at the district level, beating teams like Canterbury and Balwyn. They also won Eastern Zone and have moved on to State Final, which is a fantastic effort. Phoebe Bullen stood out and was awarded Best and Fairest. The B team didn't win a game, but were very competitive. Emily Stapleton was awarded Best and Fairest.

The Year 8 Softball Team A also won district and have continued on to Zone. There was some great batting from Melissa Wundersitz and pitching from Brie Cooper. Katie Harris played well as catcher. The Year 8 B team also won their pool, with Cara Casiano being awarded Best and Fairest, with good performances from Ellen Butler and Katrina Pantzopoulos.

The Year 9 and 10 team also won district, but were runners up at Zone finals, managing to beat all teams but Glen Waverley. Well done to the VCE girls' softball, who placed second in their division.

### Rowing:

This year, there were two Year 10 teams. The first consisted of Kathryn Sharp, Beth Rosenberg, Sarah Longden, Maddie Bullen, and Jasmine Parker. The second was made up of Elyse Hamilton, Anna Foulds, Di Topaloska, Billy Topaloska and Libby Nelson. They travelled to Carrum, Geelong and Ballarat. They won the State Schools Regatta.

### Surf Carnival:

CHS was one of only a few state secondary schools to compete among a vast group of private schools, competing in events such as iron man and iron woman competitions, relays and beach sprints. There were some excellent performances from Laura Waite, who won the iron woman event, and Andrew Morris, who came second in the beach flag event. Ilias Panagiotidis came second in the beach sprint, and Peter Freeman was also placed second in the sprints and relay. There were excellent performances from Emma Bitmead, Gretta Collins, Harriet Collins, Brie Cooper and Eleanor Mulvany in the team event.

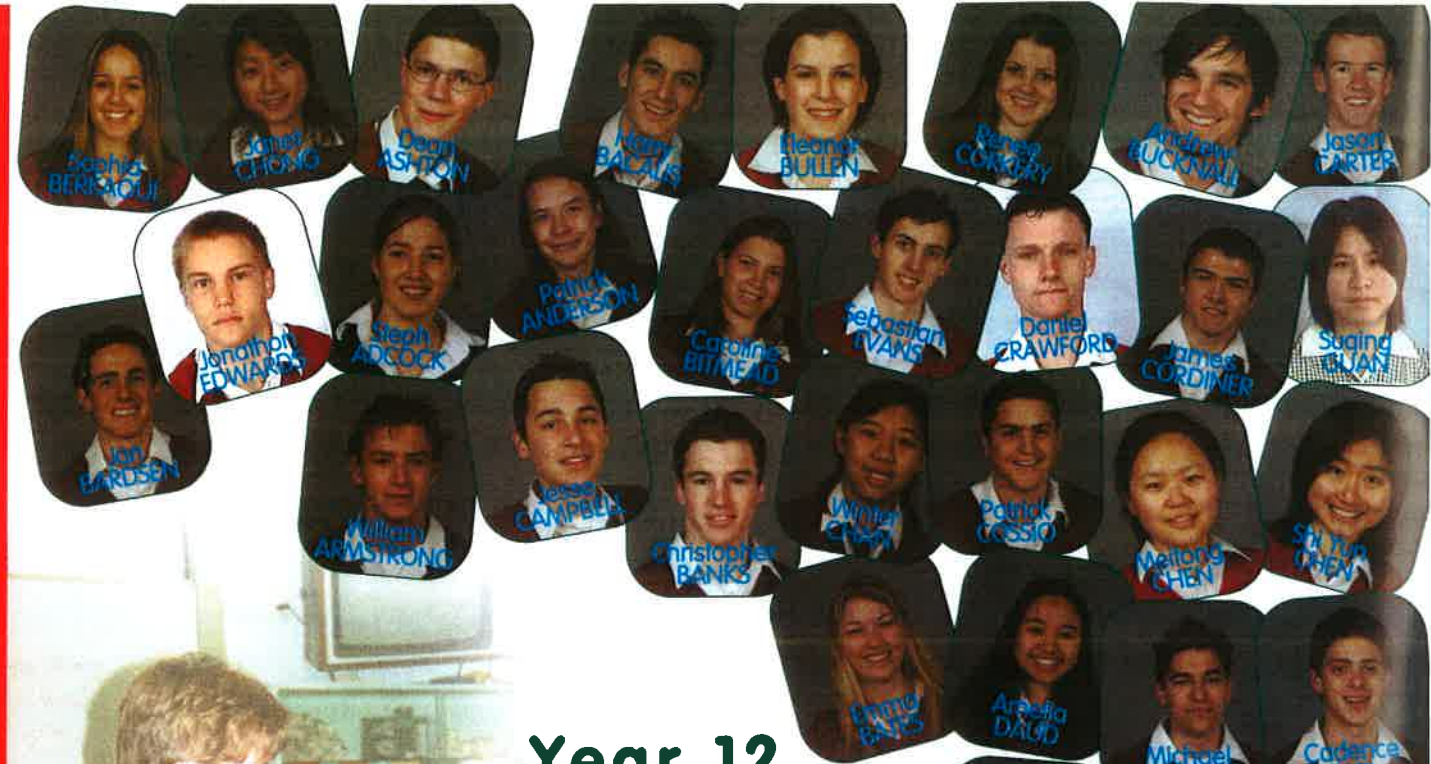

### House Cross-Country:

Macarthur managed to come first at this year's Year 7-10 house cross-country competition but by only 15 points, with Roosevelt hot on their trail coming a close second. The competition for third and fourth was even closer, with only 10 points between Montgomery and Churchill. Congratulations to all the students who participated in one of the closest house cross-country competitions yet.

By Ron Glick, Tim Fletcher  
and James Weston

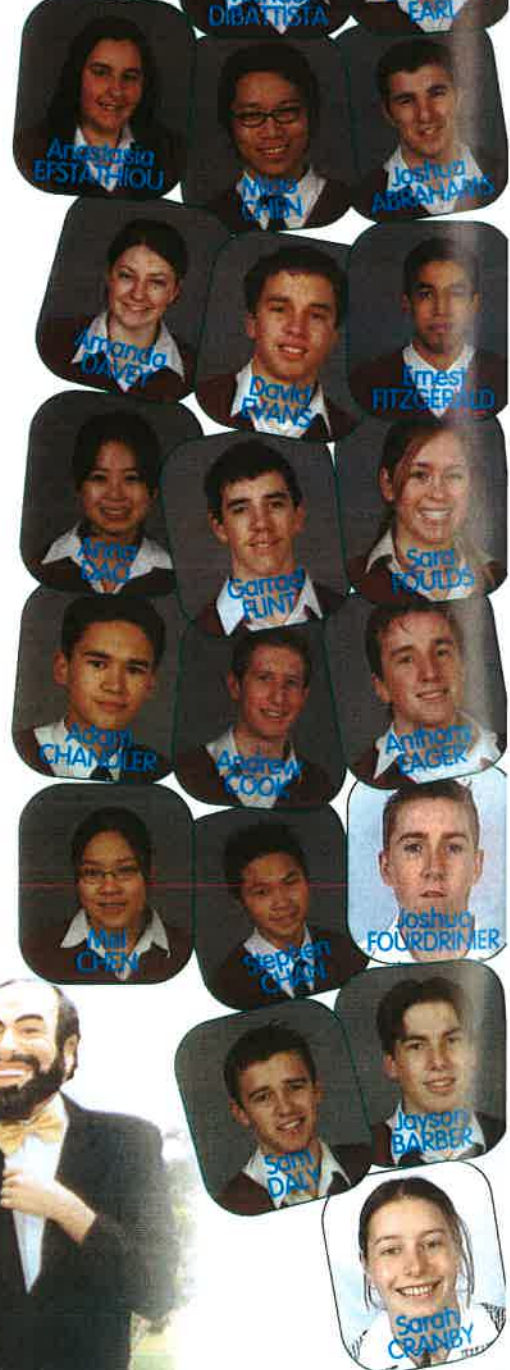

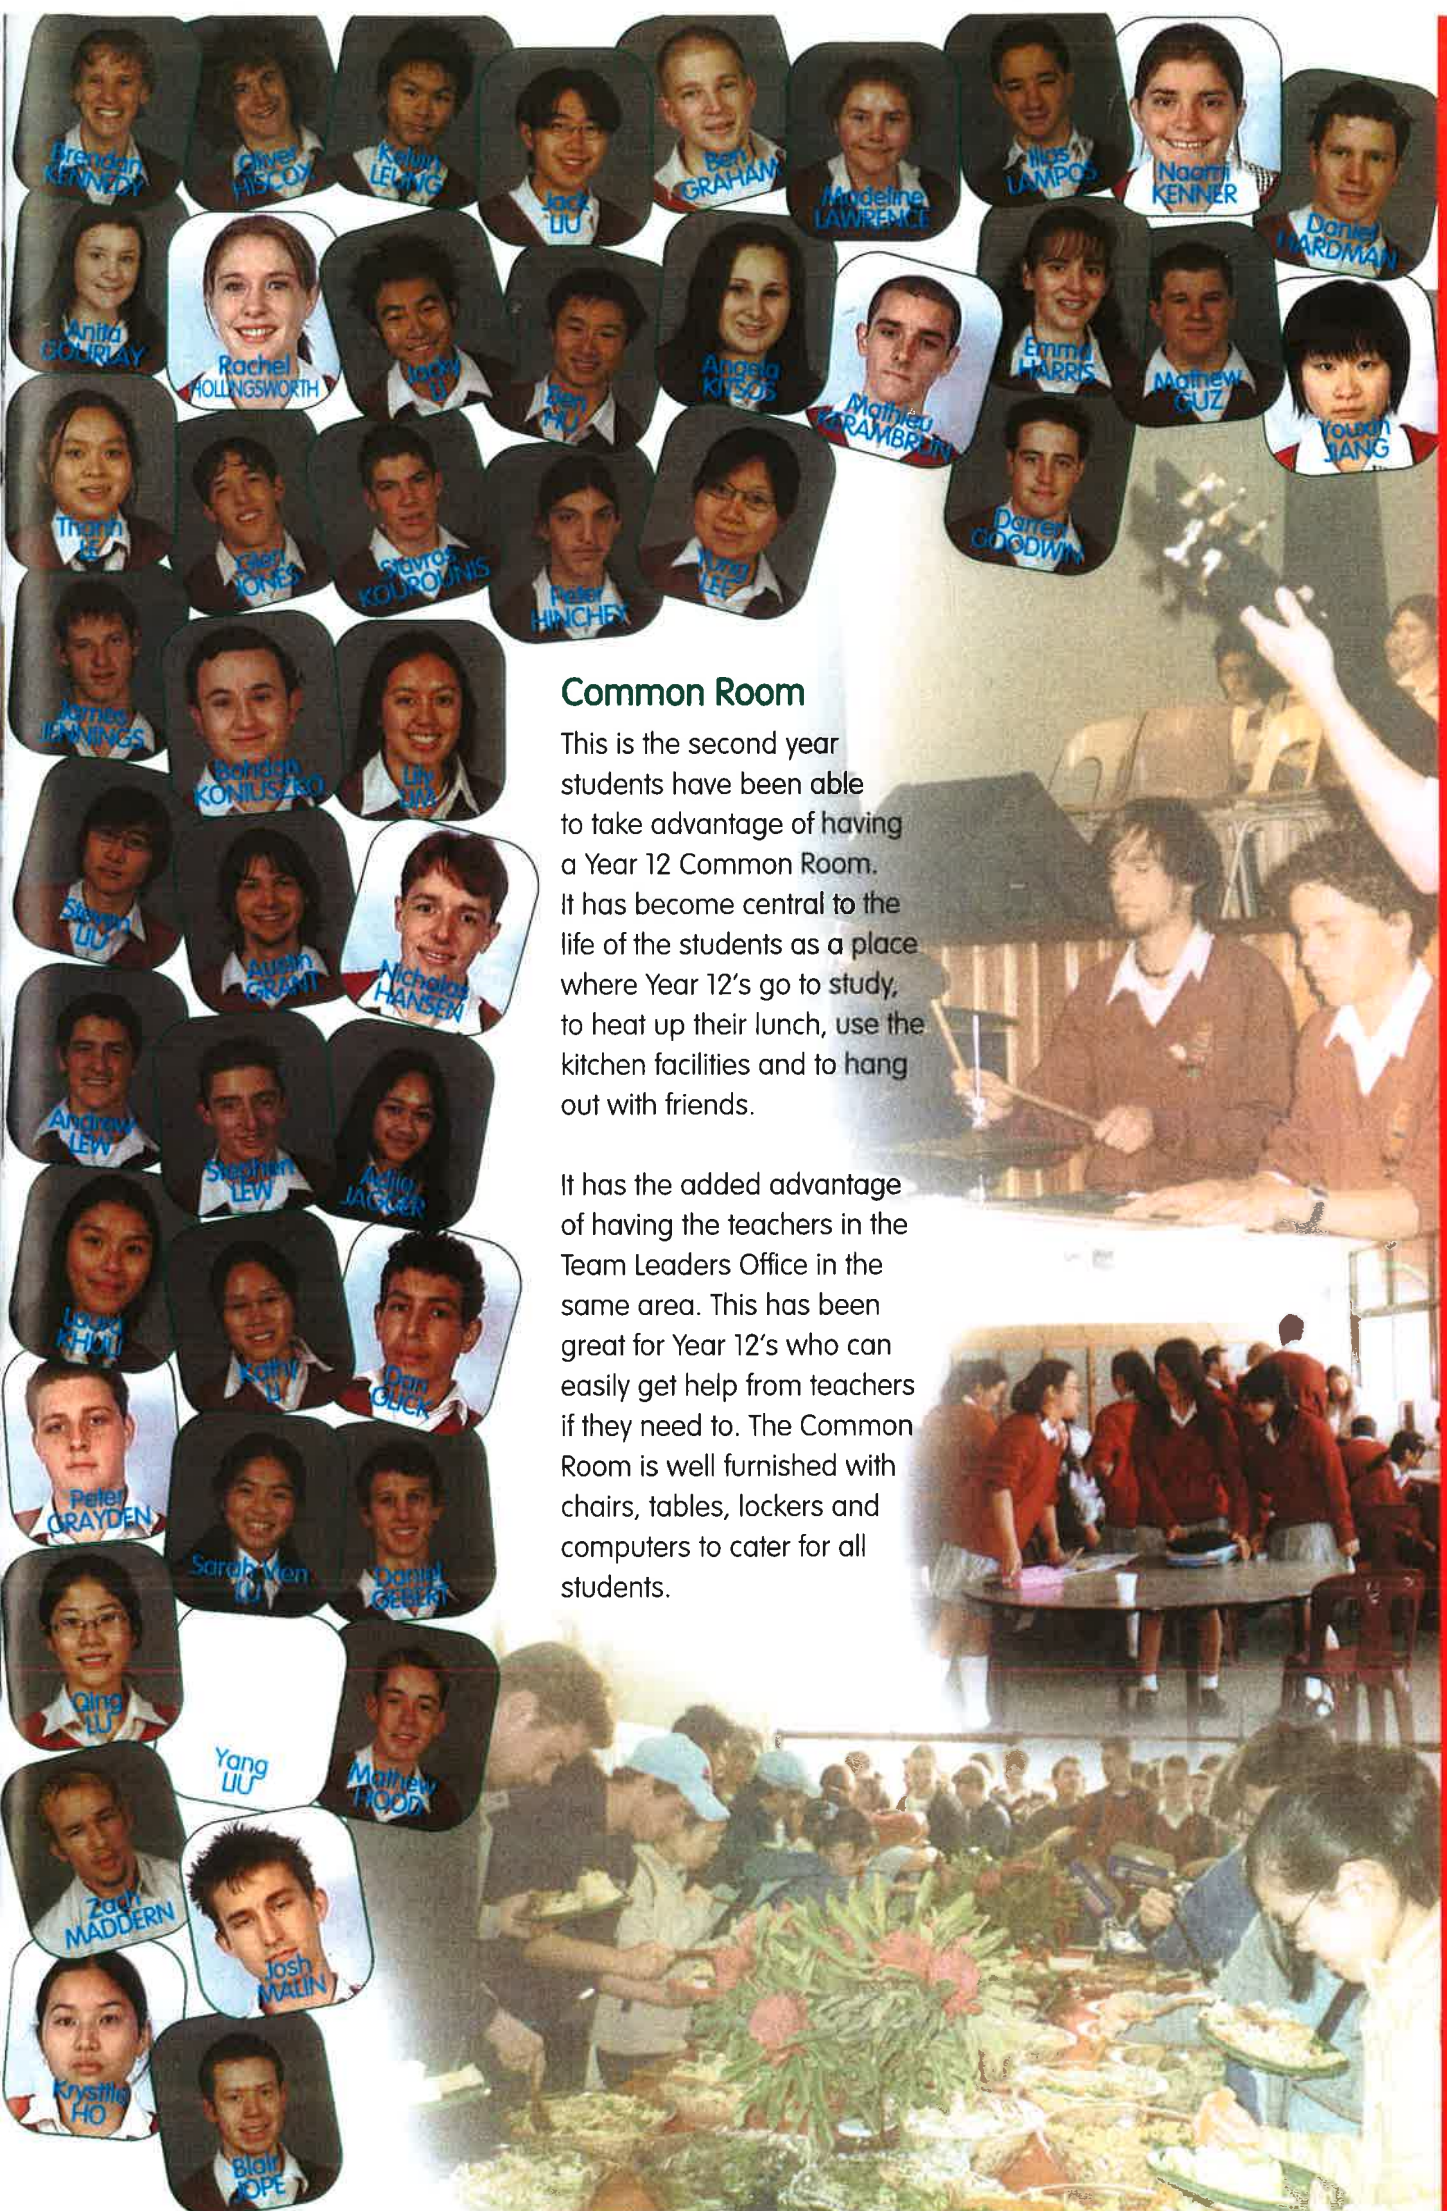

## Year 12

The Mentor Program.

This is the first year that Year 12 students didn't have 'Home Groups' like in previous years. A new program called the 'Mentor Program' was introduced. Each student was allocated to a teacher who was assigned to act as a 'mentor' and consult with that student throughout the year. All students enjoyed this new approach and our initial findings suggest that it has been a success.

## Common Room

This is the second year students have been able to take advantage of having a Year 12 Common Room. It has become central to the life of the students as a place where Year 12's go to study, to heat up their lunch, use the kitchen facilities and to hang out with friends.

It has the added advantage of having the teachers in the Team Leaders Office in the same area. This has been great for Year 12's who can easily get help from teachers if they need to. The Common Room is well furnished with chairs, tables, lockers and computers to cater for all students.

## Year 12 Formal

One of the main events of Year 12 was once again held at the end of Term 3 this year - the Year 12 Formal. The "formal" part of it included a dinner and professional photos at 'The Leonda', as well as a night of constant music and dancing. All the colours of the rainbow were shown in the beautiful dresses worn by the 'ladies'. The guys also washed up pretty well. All up, the night was a success. The less said about the party after the formal the better.

## Exams

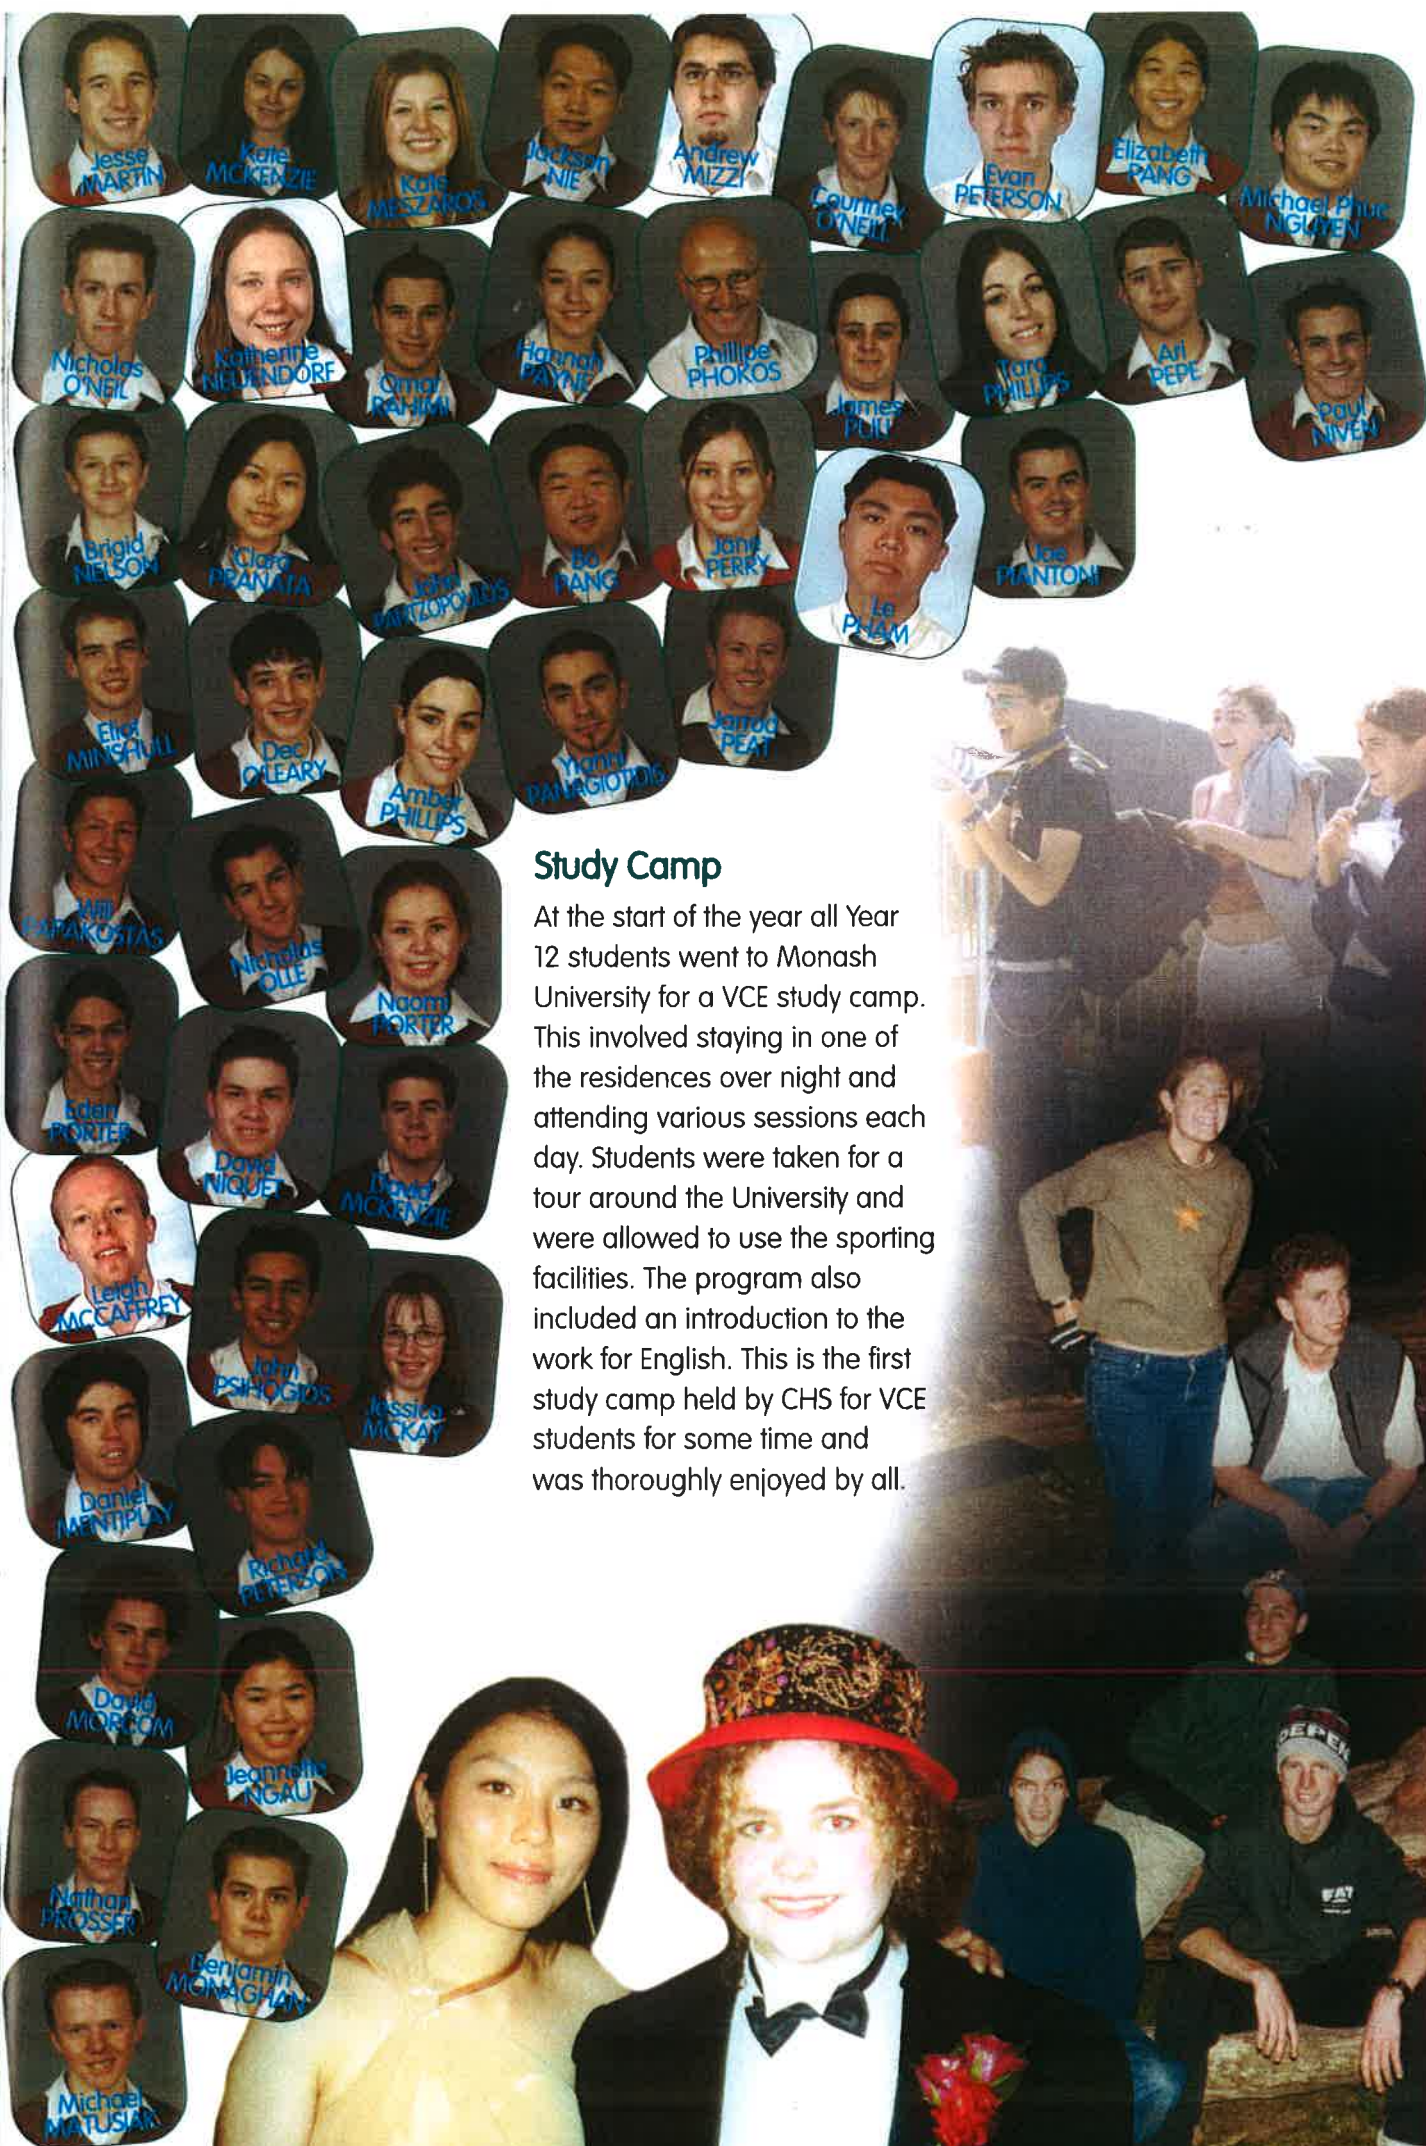

Exams are what everyone dreads when coming into VCE. During the year the Year 12 students have had to do two exams: the mid-year exams in July and the final exams in November. Throughout the year, they have had to sit numerous SAC's. The pressure of the Year 12 exams differs for each student but we hope that the hard work will pay off when the results are known in mid December.

## Leadership

Camberwell High provides a wide variety of leadership roles for those in Year 12, as many would agree. There are Home Group Captains, Year 12 Council Members, House Captains, SRC Leaders, Supportive Friends and School Captains. Many of these people are involved in the end of term activities that happen through out the year, they represent us as a School when they go to different countries

## Study Camp

At the start of the year all Year 12 students went to Monash University for a VCE study camp. This involved staying in one of the residences over night and attending various sessions each day. Students were taken for a tour around the University and were allowed to use the sporting facilities. The program also included an introduction to the work for English. This is the first study camp held by CHS for VCE students for some time and was thoroughly enjoyed by all.

## Graduation Evening

The Graduation Evening was held for the year Year 12 students towards the end of the year in the Assembly Hall. It was here that the Academic Achievement Awards were presented. The Citizenship Award was awarded to Amanda Davey. Angela Webster was awarded the Caltex All Rounder Award, Katherine Neuendorf the C.H.E.S.S Award and Quince Chen was awarded the International Student Award. Katherine Neuendorf also received the Senior Poetry Award, David Evans was awarded the Jurgen Tauchert Award, and Eleanor Bullen was awarded the Principal's Award. The Outstanding Academic Award was won by Quince Chen. We are all proud of our Year 12 Students, and hope that they do well in the future.

By James Gostelow

## Overseas Students' Program 2002

This year we have hosted students from Taiwan, Hong Kong, Indonesia, Germany and China. Our total numbers for next year will again be 40. This year Quince Chen won the highest Academic Excellence Award at the school after only one year in Australia. Many other students gained Excellence or Achievement awards but all deserve praise for their progress and achievements this year.

All Year 12 overseas students from 2001 completed their VCE, gaining entrance to Melbourne, Monash and RMIT universities.

As usual there was plenty of food throughout the year with Yum Chas and dinners at Chinese and Italian restaurants. Students from Years 11 and 12 visited the Observation Deck of the Rialto and enjoyed the excursion to Puffing Billy and Healesville Sanctuary during the September holidays.

Overseas Students again participated fully in a wide range of activities on Open Night and participated in a junior "Multiculturalism" project, talking to Year 7 students. Whilst world events may have created some anxiety amongst overseas students and their parents they have also highlighted one of the values of the program - providing opportunity for communication, being prepared to learn from each other and realising that we are not so different.

**Paula Stocker**  
Overseas Student Coordinator

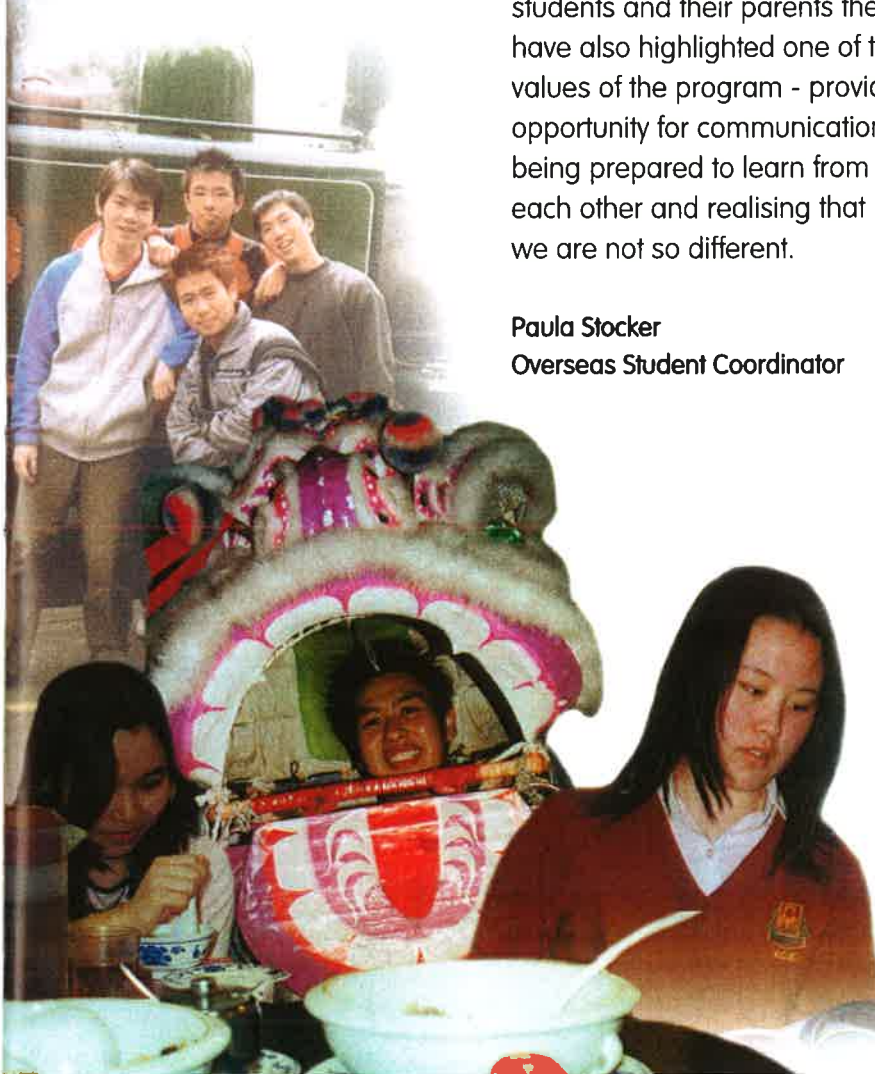

### The Moon Festival

On the 17th September 2002 CHS celebrated the Moon Festival with a special school assembly. A variety of acts were performed in front of students and staff, including a play, music and dancing demonstrating the talents of students from different cultural backgrounds from our school.

The Moon Festival is celebrated in Vietnam, Hong Kong, Taiwan, Japan and China. It is also called the Mid-Autumn Festival. It is held when the moon is perfectly round and symbolizes the unity of the family. At this time family members get together for a feast, similar to Christmas.

The audience enjoyed the performances and we had an enormous amount of fun. We would like to thank Mrs. Velos and Mrs. Stocker as well as other staff members for their help.

**Jeffrey Wong, Arvy Budiarto and Glenn Zakarias.**

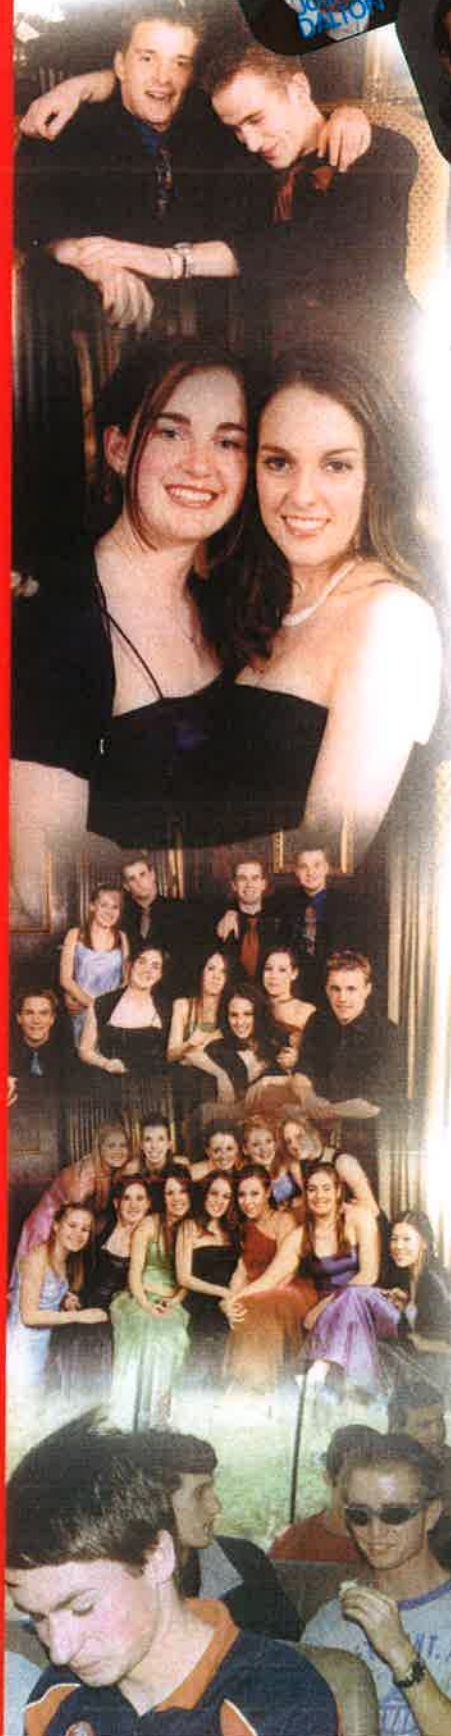

The Year 11 students have enjoyed a demanding year and have easily risen to the challenge of it. We believe they are now in an excellent position to enjoy and respond to Year 12. They are a confident, pleasant group of students and we wish them well.

## Year 11 Formal

The Year 11 Formal, which was entirely organised and run by the students from Year 11, was held at 9 Darling St, in September this year. All students looked magnificent in their attire, both boys and girls.

They behaved themselves impeccably and all had a fantastic time. A huge thank you to Bec Sullivan and Lauren McKay for organising the entire event.

## Home-Group Sessions

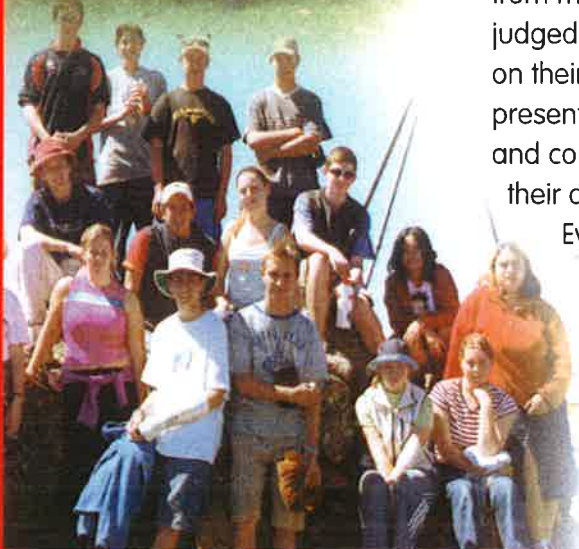

Home- groups this year were held for one period a week and focussed on study skills, personal development, goal setting and exam techniques. These sessions were hugely successful.

## Enhancement Program

Approximately 40% of Year 11 students did a Year 12 subject this year. As well as benefiting from the experience of completing a Year12 subject whilst in Year 11, several students also excelled to such an extent that they were dux of the school in that subject.

## Incursions and Excursions

Year 11 students have participated in many excursions/incursions this year. Some of these have been:

**MacBeth** - in school performance (English)

**Blade Runner** - (English)

**Mount Stirling** - weekend camp (Geography)

**Toolangi Forest** - (Biology & Geography)

**Surface Chemistry Incursion** - (Chemistry)

**Zoo Trips** - (Biology & Psychology)

**Gallery Excursions** - (Art & Studio Art)

**Airbrush Workshop** - (Studio Art)

All these programs were beneficial and very much enjoyed.

## Interview Skills Night

Volunteers from the Rotary Club of Canterbury attended the Interview Skills Night where they provided insight into prospective job areas and offered meaningful advice to the students on ways to approach interviews. Numerous employers from many different occupations judged students. They commented on their preparation, the way they presented themselves, eye contact and confidence, and the quality of their questions and answers.

Everyone took the time to write resumes and letters of application, which provided excellent experience for the future.

A photograph of two young women standing side-by-side. They are both wearing red V-neck sweaters over white collared shirts. The woman on the left has long blonde hair and is holding a book with a colorful cover. The woman on the right has dark hair and is smiling. They appear to be in a school setting.

# Year 10 Report

## MIPs

Managed Individual Pathways (MIPs) has helped give the Year 10 students more understanding of our abilities and assisted us in making realistic decisions about our futures. Introduced last year, MIPs is a program formed to help student's research possible courses and jobs. It has been a great success.

The program incorporated several lectures: one by a psychologist who gave us insight into suitable jobs linked to particular personality characteristics, another by a swimmer who talked about motivation and setting goals.

The other part of the program included a teacher of our choice mentoring us on job interests, subject choices and where we are headed in life. There was no pressure on us to make decisions but it provided us with insights on what is out there.

## Work Experience

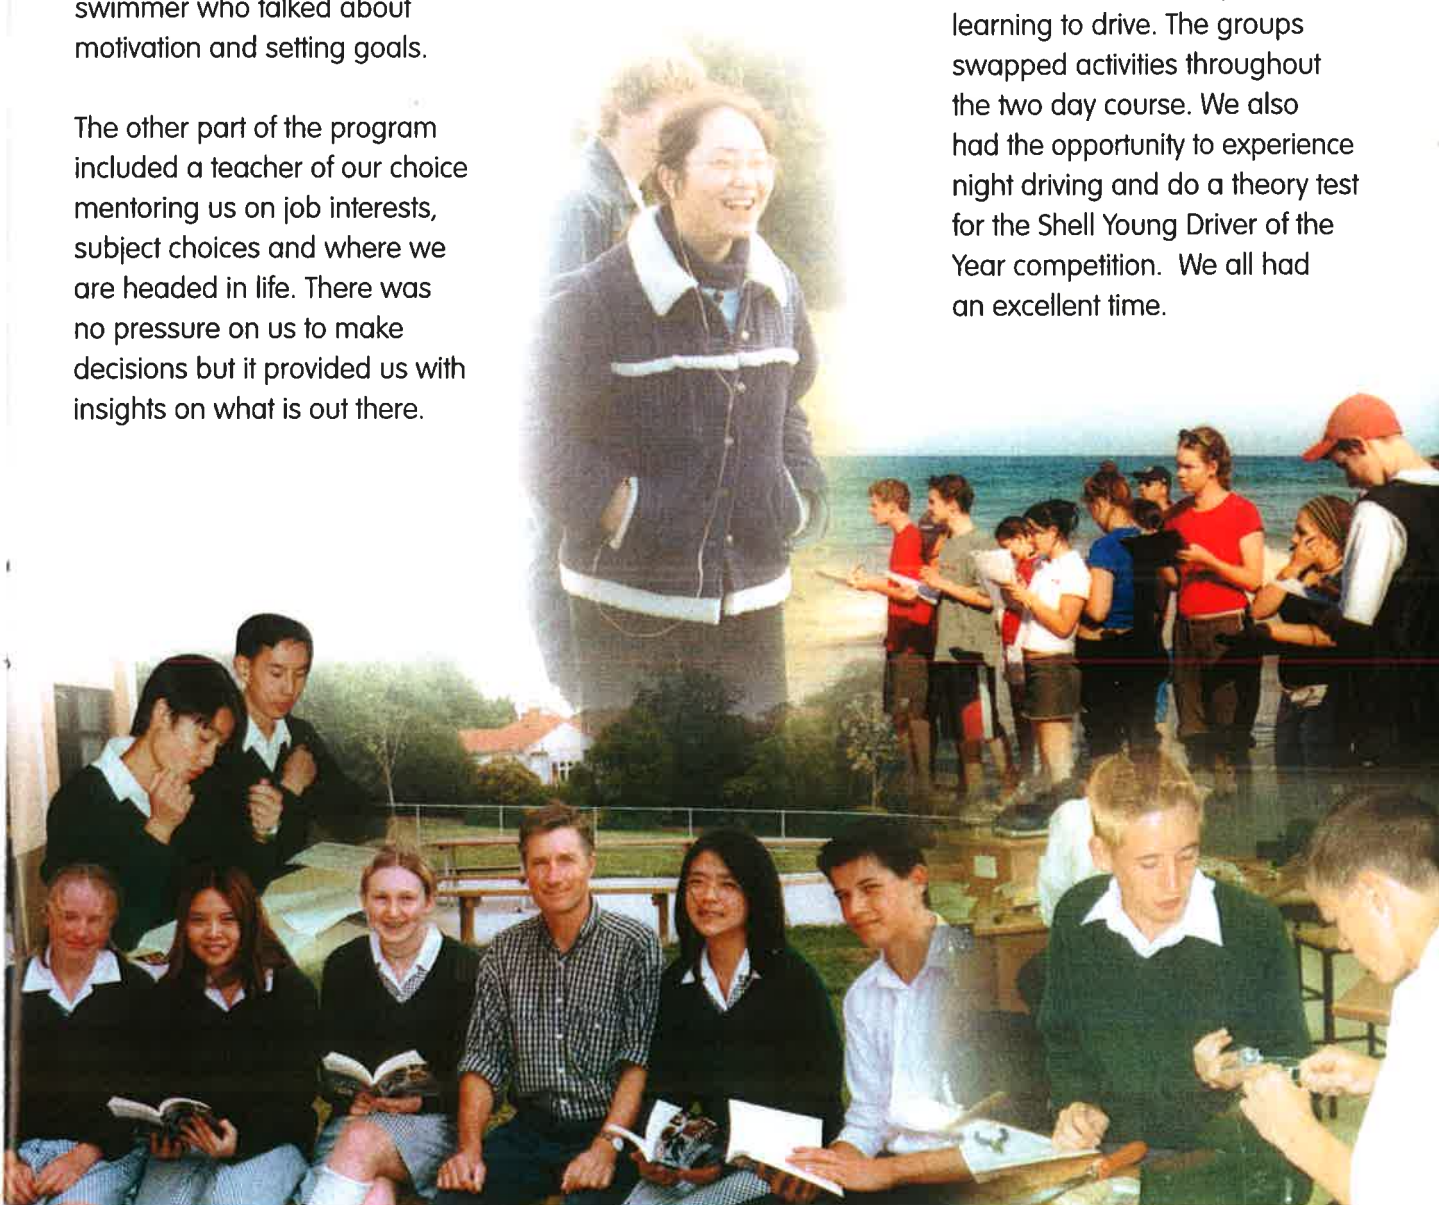

The last week of Term 3 saw us participating in at least one week of work experience. This program aims to provide a taste of the working life as well as assisting us in looking at possible future careers.

We were required to independently organize our place of work. A wide variety of occupations were selected: these included working with film producers, the air force, and the police. One student was paid \$250 per week working in electronics.

## Driver Education

The Drivers Ed program was held at Kilsyth again this year. Those who attended were divided into two groups: one group working on theory while the others worked on practice learning to drive. The groups swapped activities throughout the two day course. We also had the opportunity to experience night driving and do a theory test for the Shell Young Driver of the Year competition. We all had an excellent time.

### VCE Enhancement

This is the fifth year that the VCE enhancement program has been offered. Students from Year 10 have once again been very successful in completing VCE subjects with sixty students taking a Year 11 subject. Completing these VCE subjects has given us early experience of the structure and the expectations of the VCE.

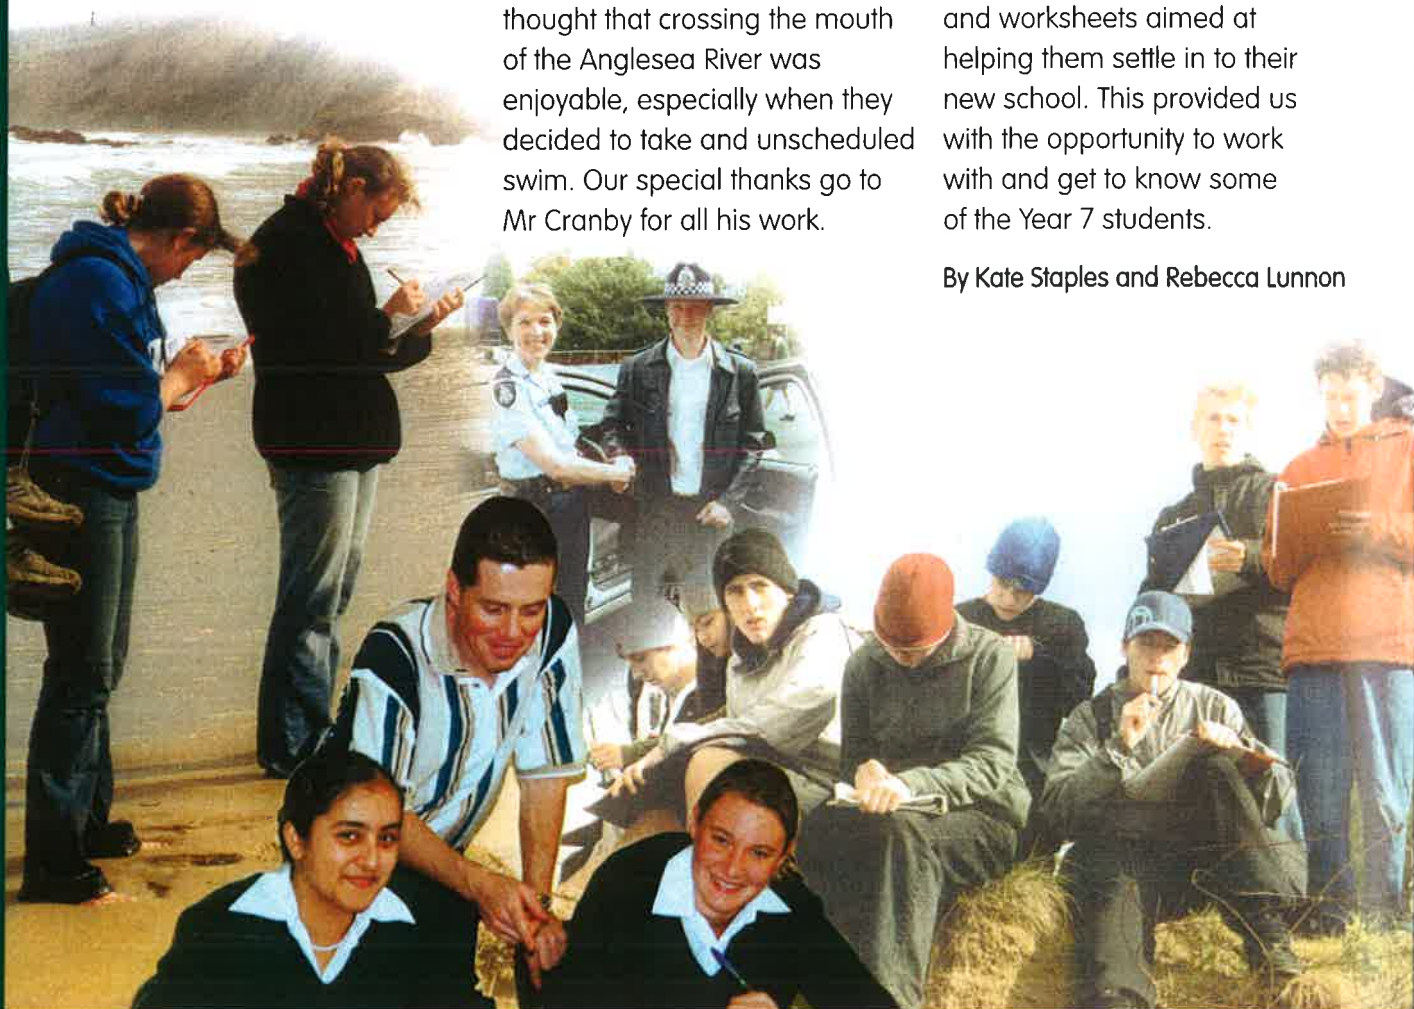

### Anglesea Camp

All of us were involved in the camp as part of our work for Geography. The purpose was to investigate the sustainability of recreational resources in Anglesea, including the coalmine. Over a period of two nights and three days we did several fieldwork sessions and took part in recreational activities including the Big Swing and Vertical Challenge. Many people thought that crossing the mouth of the Anglesea River was enjoyable, especially when they decided to take an unscheduled swim. Our special thanks go to Mr Cranby for all his work.

### Peer Support

This program was designed principally to assist the Year 7 students but it also provided leadership opportunities for us. During Term 1 some of us took small groups of Year 7 students for one period each week and introduced the students to the course we had been trained to conduct at the end of last year. During the time together we conducted the various activities and worksheets aimed at helping them settle in to their new school. This provided us with the opportunity to work with and get to know some of the Year 7 students.

**Third Row:** Micheal Hingston, Joel Chester, Konstantinos Arambatzis, Glen Butler, Ying Tie.

**Second Row:** Nicholas Taylor, Samuel Dipnall, Peter Stach, Mark Musialkiewicz, Felix Beilby, Matthew Powers.

**Front Row:** Robert Bindi, Rayan Vargas, Christopher Woll, Ilias Panagiotidis, Hayden Proud.

**Teacher:** Lynne Cemeljic.

*"Shut up Ray!" — Everyone*

*"You're acting like a Primary student" — Mr Agrawal*

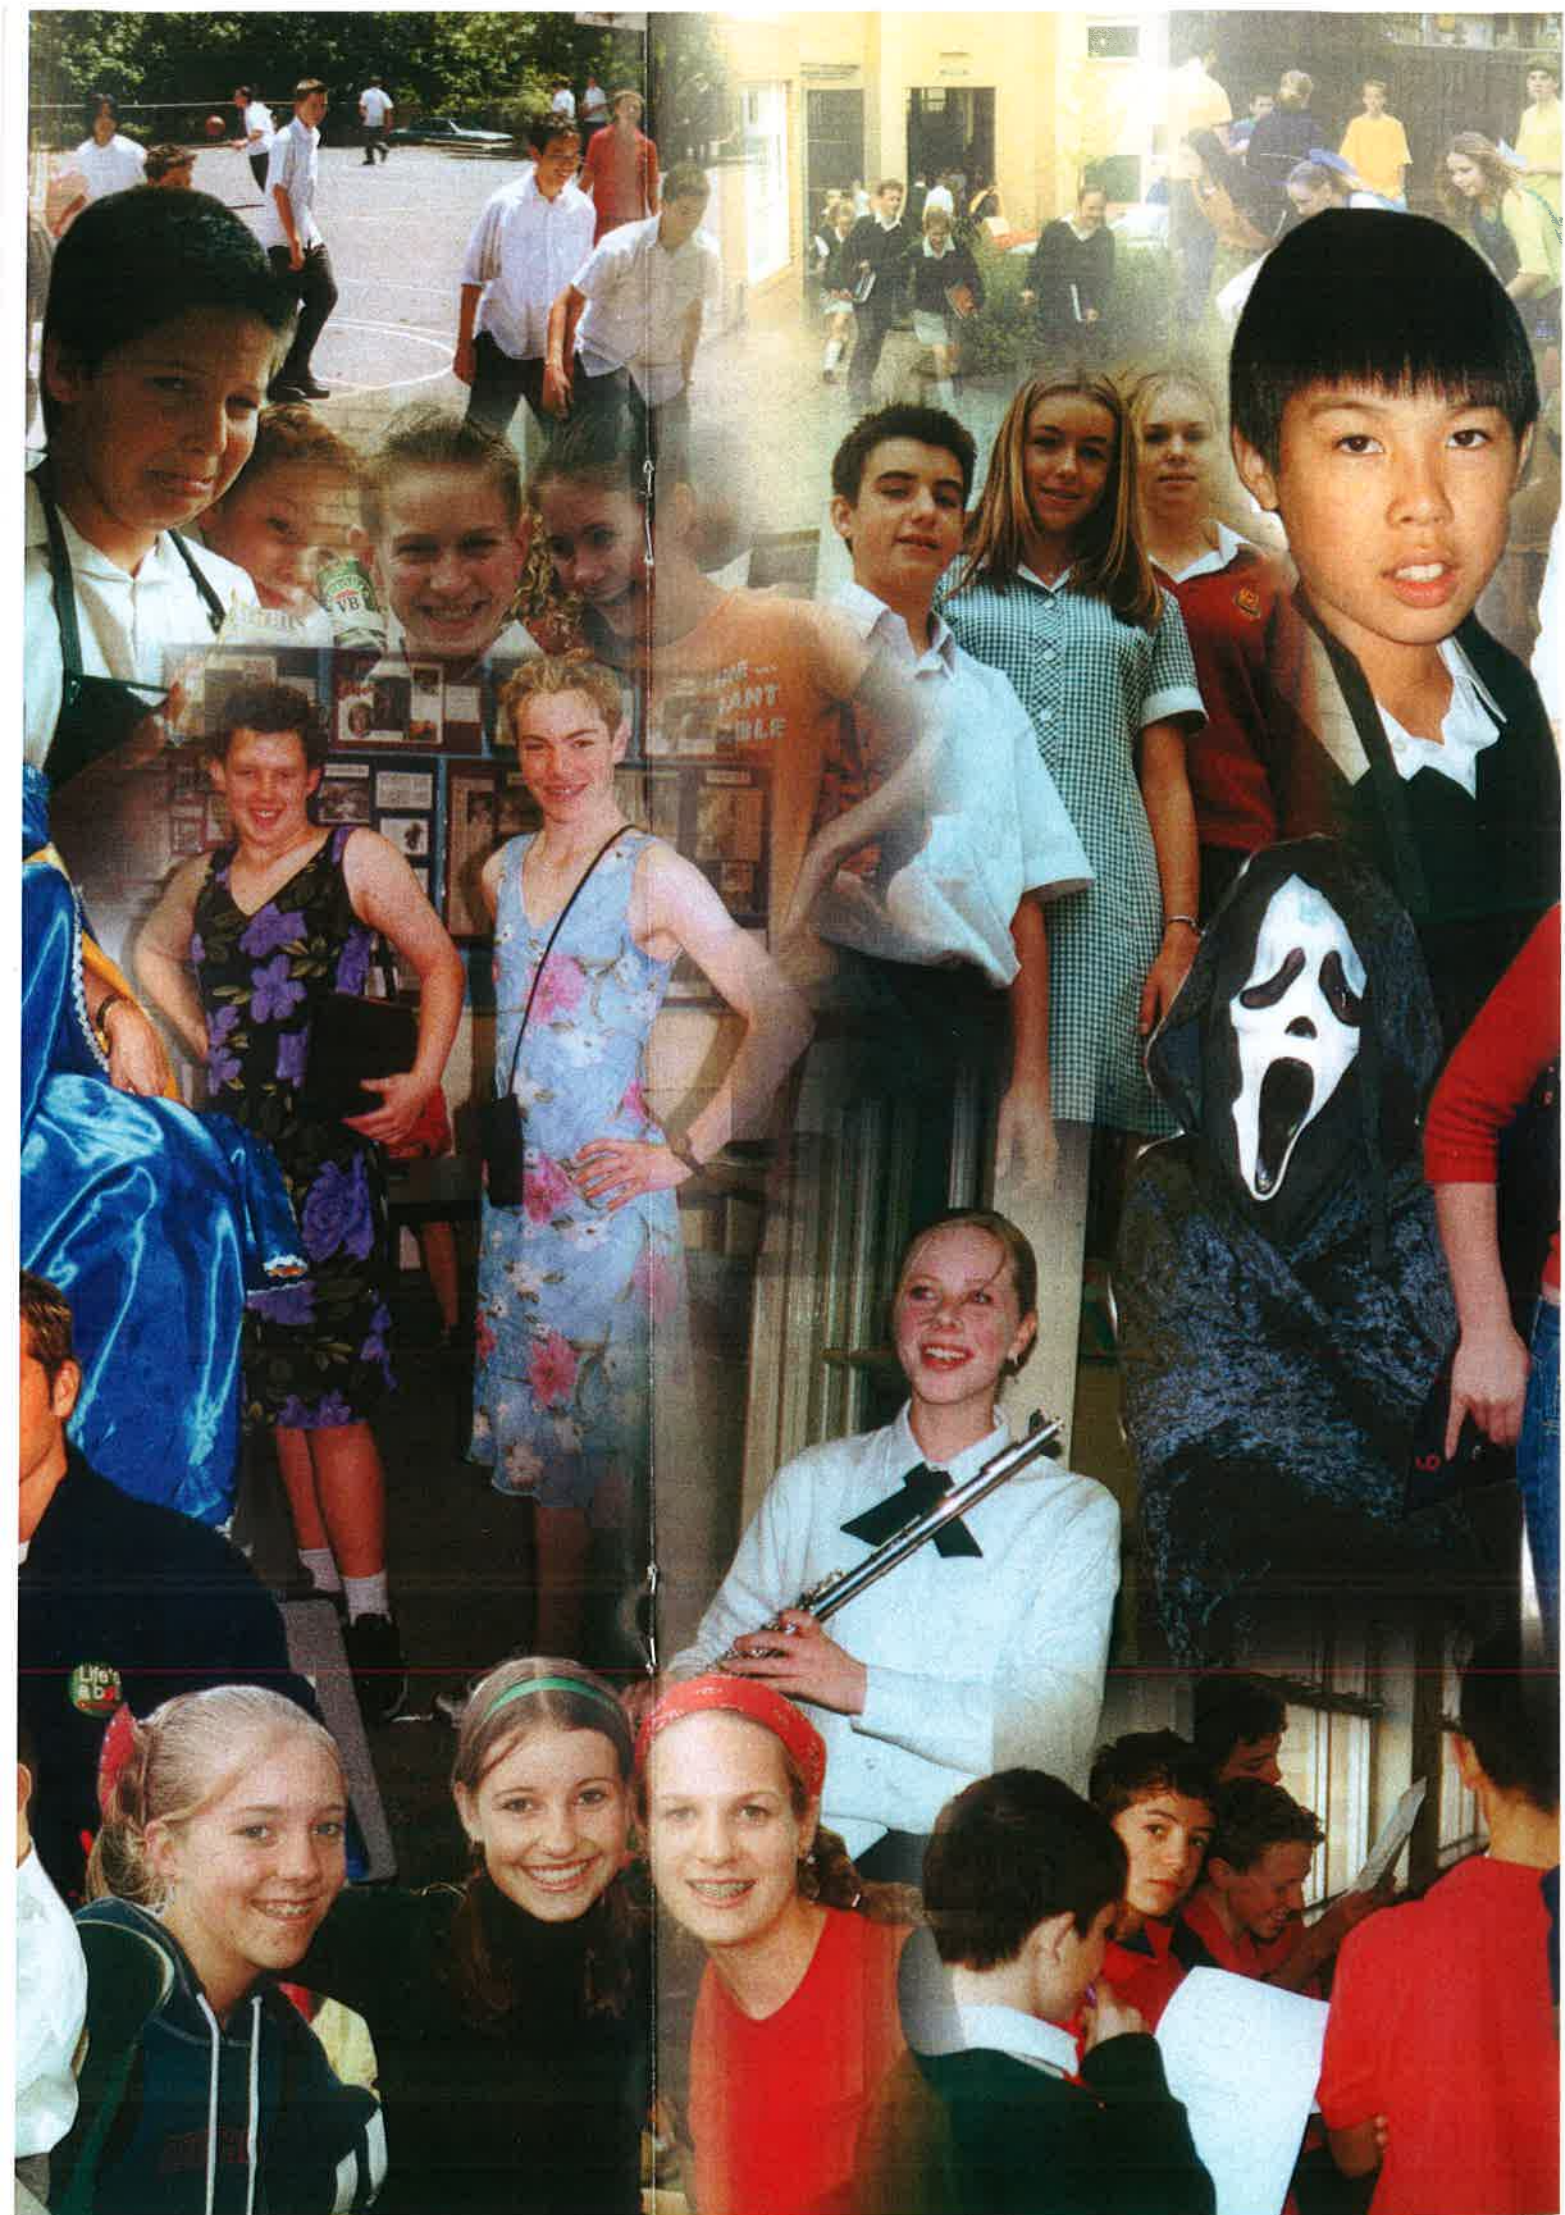

*"You're going to fail Ray!" — Everyone*

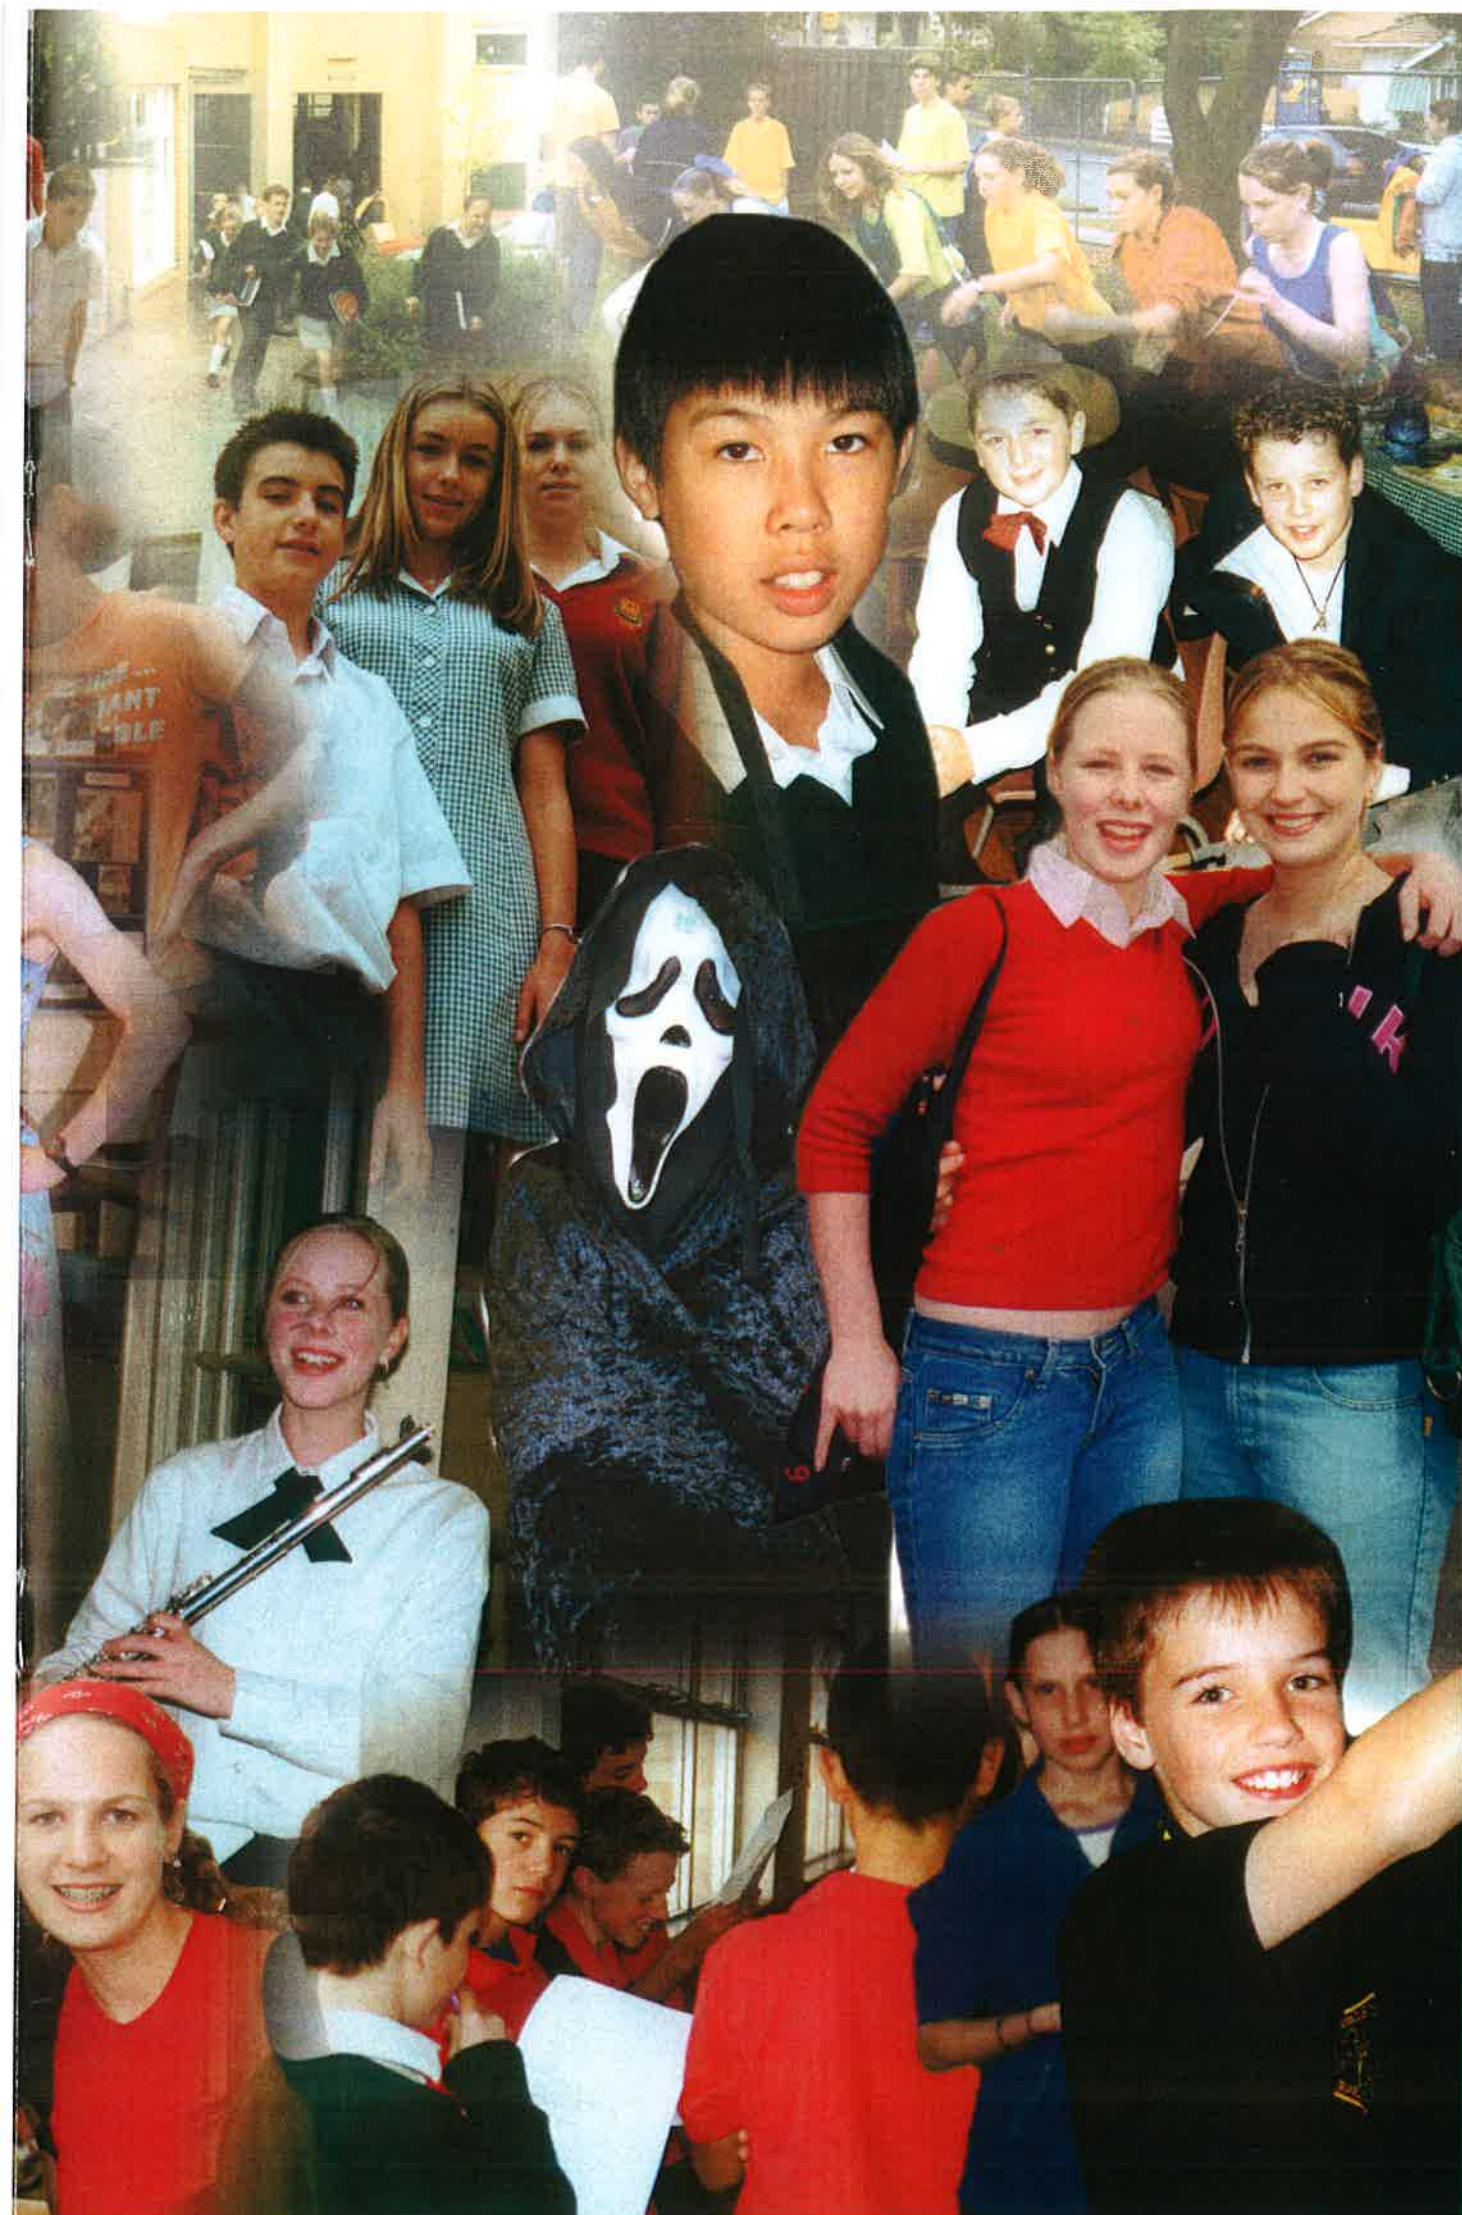

## Camberwell High School Students Representative Council

The SRC deserves lots of credit and thanks for many things happening in the school. This year the SRC got a bit more organized and established their own office next to the canteen. They have helped organize the student forum, casual clothes days and services just to name a few. They also asked for the fire drill this year.

### Change Rooms

Not many students out of the SRC know that the new change rooms was an idea put forward by the SRC. The SRC had the idea of getting some change rooms since the old rooms were inadequate and there were problems with changing in and out of uniform for Sport or PE. The new change rooms were built and finished by July.

### SRC Fair

Each year there is a traditional SRC Fair on the last day of Term 2. There were games, rides, food and drink for the students. Unlike last year, there was no Battle of the Bands competition.

### Junior Social (Years 7-10)

The School Social was held in Term 2 and this year students for Year 10 were included. Once again everyone had a good time. There was a DJ playing music and a few teachers joined the party.

### Decibel Day

On the last day of Term 2 Decibel Day was held. There was a variety of acts from singers to pianists and bands.

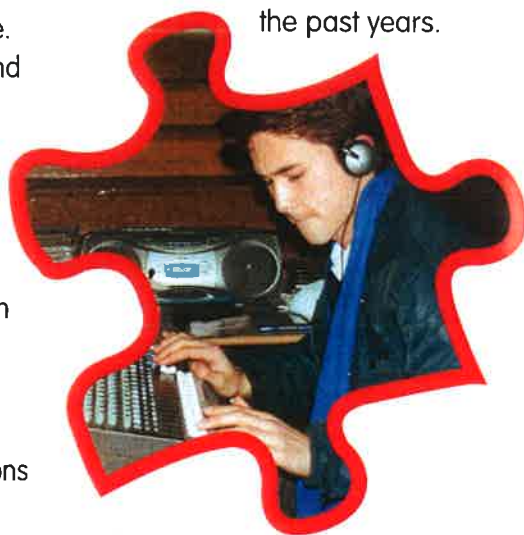

### Forty Hour Famine

Another first for CHS. Congratulations to all those who participated in the Forty Hour Famine this year and raised more than \$6,000 for World Vision. This made CHS the top money raiser of all schools in the metropolitan area. Special congratulations to Kate Staples and Alyson Carter who spent hours organizing this hugely successful venture.

by Alana Mazzeo and Laura Boyce

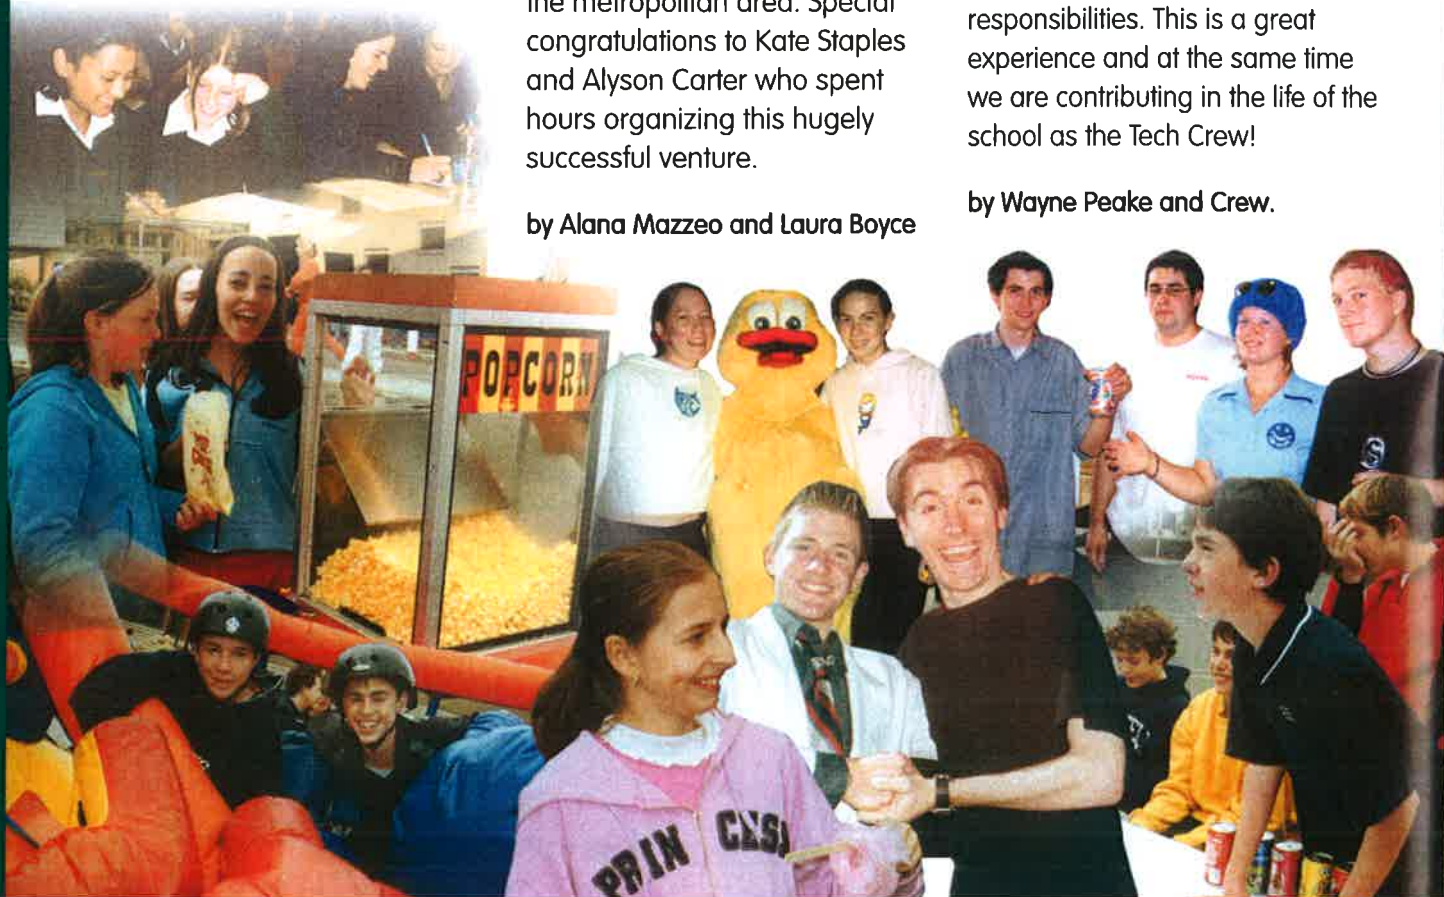

## Tech Crew

The 'Tech Crew' is the group of students responsible for sound and lighting at all the school's major events and assemblies. Michael Shimmonds, Andrew Mizzi, Jason Teese and James Puli have done an excellent job and have given their time on many occasions. We would like to thank them for their work over the past years.

The future of the crew holds strong with Wayne Peake, Peter Pratt, Chris Papakostas and Jon Cornell taking over these important responsibilities. This is a great experience and at the same time we are contributing in the life of the school as the Tech Crew!

by Wayne Peake and Crew.

## Fieldwork

Students carried out fieldwork in all Geography classes this year. In Year 7 [Microclimates, the Zoo], Year 8 [Toolangi State Forest], and Year 9 [Beach Usage], the Fieldwork exercises were aimed at introducing students to working outside of their classroom, collecting data, and processing the results back in class.

At Year 10, all students were involved in a two-day and night 'Fieldstudy Camp', at Anglesea, along the Great Ocean Road. Staying at the Anglesea Recreation Camp, the students were treated to an intensive fieldwork experience and were also able to make use of the various recreation facilities available at the site [Recreation Hall-TV, Gym-basketball, soccer, table tennis, tennis courts, ropes course, the 'big swing' and 'vertical challenge'].

The 'Fieldstudy Camp' introduced students to a range of techniques of data collection [observation, recording, measuring, mapping, field sketching] which were completed over the two days in a self contained 'Fieldstudy Manual'. On the morning of the first day, the students attended a seminar where the content and background to the fieldwork was introduced. They then spent 5 hours carrying out the fieldwork on the first afternoon, and a similar amount of time the following morning.

The emphasis of the fieldwork was a study of the sustainable development of the large variety of recreation and other resources in Anglesea. VCE students, both in units 1&2 and units 3&4, once again made the trip to Mt. Stirling to carry out the fieldwork requirement of their courses.

The Thursday was spent loading trailers, buses and traveling via Yea, Mansfield [flat tyre-thanks Dan for helping to get the wheel off], and hence to King Saddle 1330 metres up Mt Stirling. That afternoon was spent setting up our campsite. The next two days were spent carrying out fieldwork. Unit 1&2 students scaled the summit twice, carrying out data collection tasks focusing on the natural and human changes that were taking place on the mountain. Unit 3&4 students spent one day on the mountain collecting data, then a day in Mansfield [Harvest Festival], Merrijig [Rodeo], and Mt. Buller, carrying out a survey related to the use and management of Mt. Stirling. They used the data back in class to evaluate a policy for the future sustainable development of the mountain.

*"I've had enough, David, this time, I swear..." Peter K.*  
*"Hahaha!" Everyone*  
*"It's game on!" - Sam, Adam, Glen*

# Year 9 Report

## Camp

In Term 2 almost all of Year 9 went to Phillip Island for our three day camp. It was designed to challenge our abilities. None of us will forget the giant swing, the flying fox, archery, ropes course and other facilities. Some will remember the social even more fondly. The camp was a lot of fun, but doing archery in the pouring rain has etched itself into my memory.

## Magazines

The Magazine Assignment was one long assignment. We were expected to choose a topic of our own then write a variety of articles, design advertisements, write editorials and create letters to the magazine.

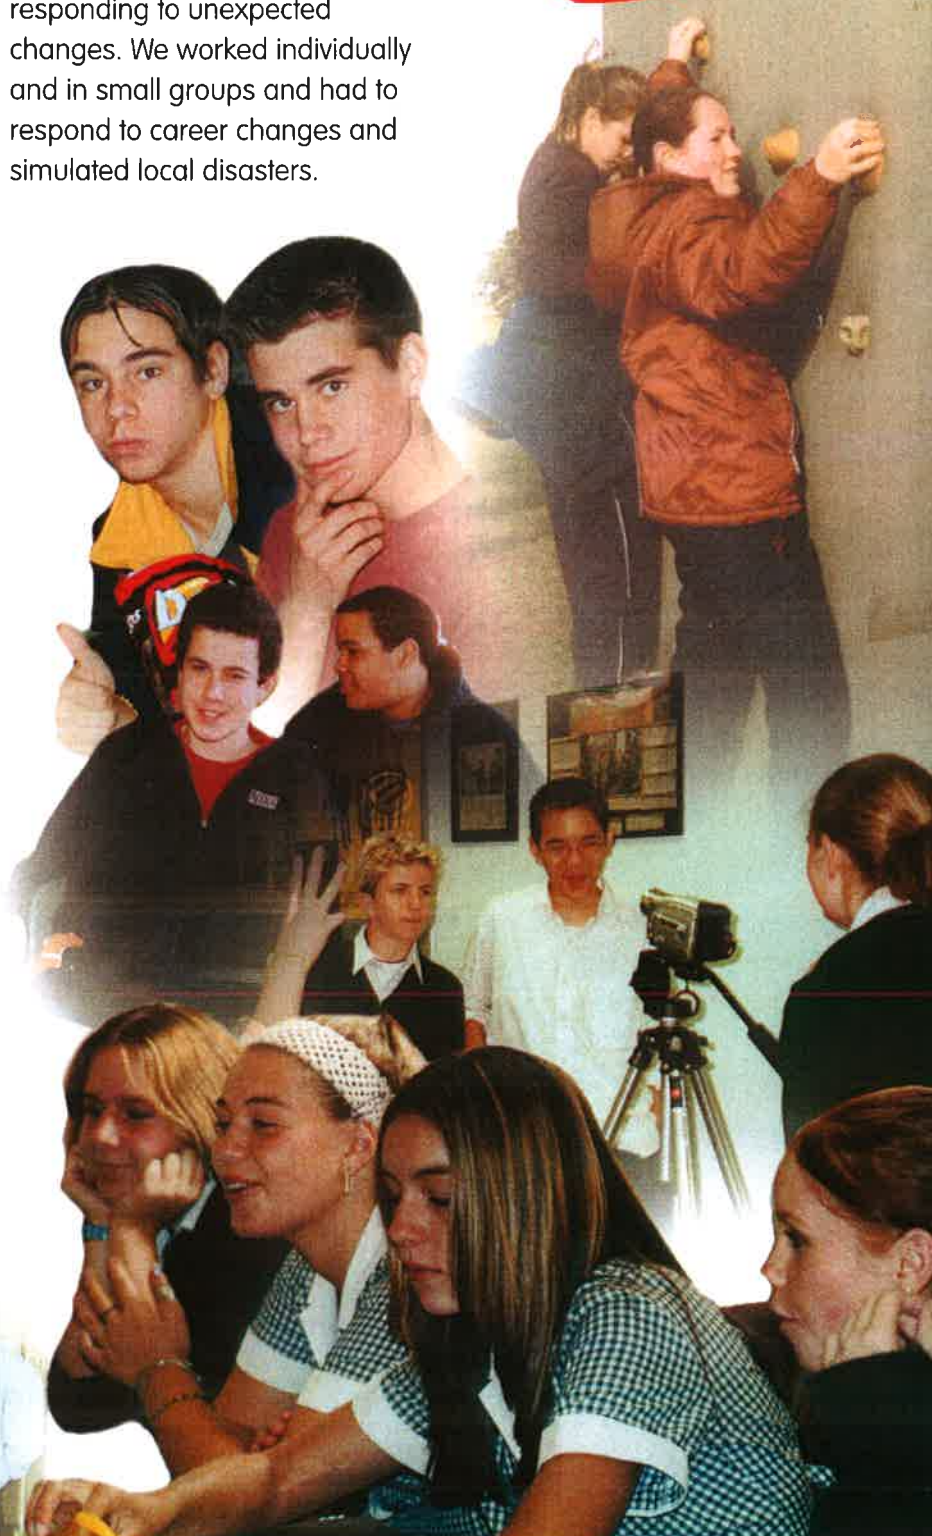

## Plays

For Year 9 Health we saw the play "The Marriage Act". The play explored situations in which teenagers were required to face up to important issues and make decisions. It was very good to see three actors play the parts of numerous characters, using just three chairs as props, and use humour in their presentation to us.

## 'Be Real' Game

This was one of the most memorable activities this year. We were required to play the role of someone in the working world and we had to work our way through the daily life and decisions of that individual.

This involved preparing a resume, applying for a job, planning our budgets and responding to unexpected changes. We worked individually and in small groups and had to respond to career changes and simulated local disasters.

## Robotics

Early in Term 4 each class has spent three days making robots. This involved working in small groups to make robots from Lego and programming them to perform small tasks. It took a lot of time and effort to get them to work perfectly and we were not always successful.

## Movies

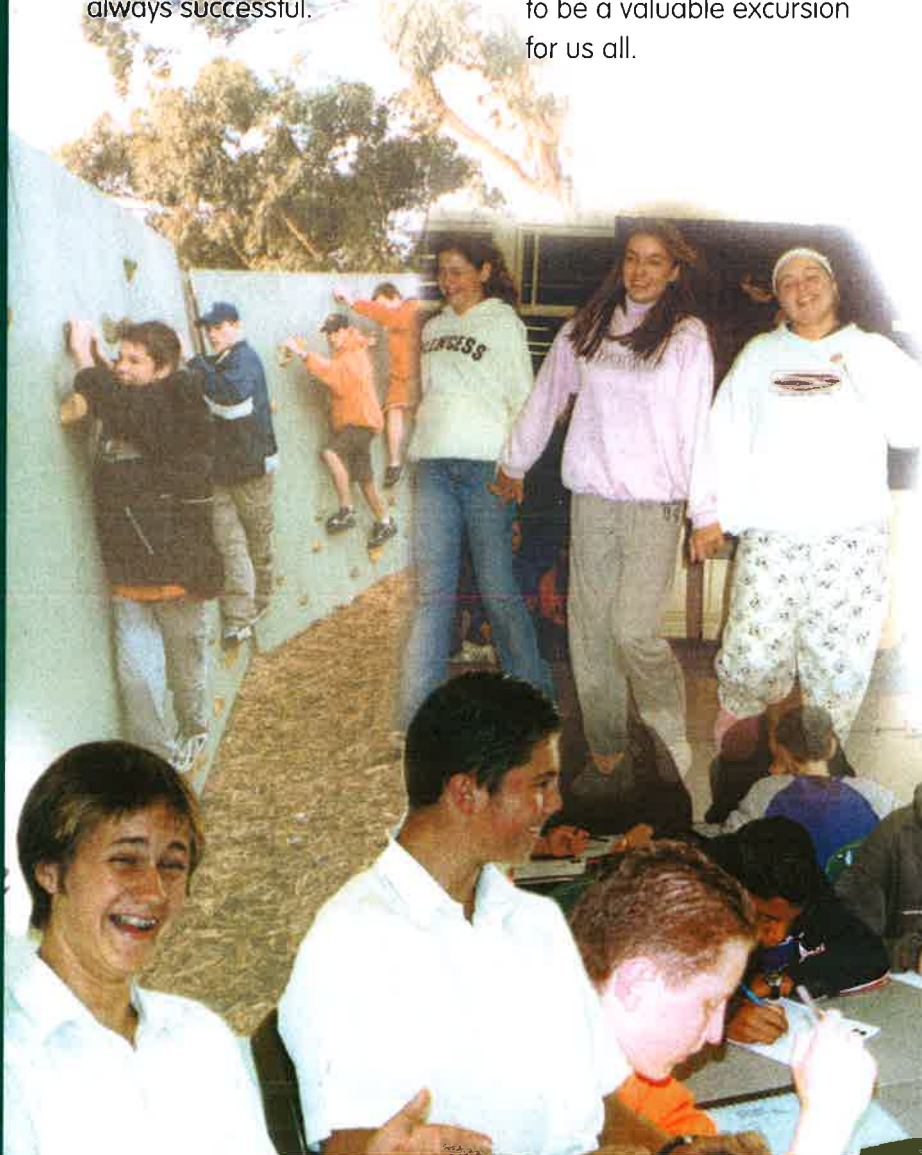

Back in Semester 1, we walked to the Rivoli where we saw 'Rabbit Proof Fence.' It was about these two Aboriginal girls (the Stolen Generation) who were taken away from their parents and taken to a school that was really like a prison. This proved to be a valuable excursion for us all.

## Oval Portables

For half of the Year 9 students the portable classrooms on the school oval have our 'home' here at school. Most of our classes have been taken in our home-room this year.

Amazingly, they're not that bad to cope with. They are air conditioned in summer, and heated in winter. Once you get to class of a morning, you don't have to move from your seat for two periods, because a lot of the time, we will be in the same room. It's hard to think what it will be like, having to actually move to the next class throughout the day!

By James Gostelow

*"It was a little Spanish flea!"* - person unknown.

*"That sounds interesting."* — Ben

*We remember the time Charlie fell through a window and the teacher was really angry.*

## Year 8 Report

### Medieval Day

A Medieval Day was run for the Year 8 students this year, after being such a successful hit the year before. A wide variety of activities were organised such as archery, "Bash the Knight" and other medieval games. A great banquet was held in the assembly hall consisting of stew, bread and apple pie.

This was followed by a parade of masquerading knights, crusaders and peasants who were rewarded for their efforts with a formal knighting by his majesty "King Kneebone". The day was an exciting way for all of the Year 8's to learn and experience a little about life in the medieval era.

### Lunchtime Activities

This year the Year 8's participated in a series of lunchtime activities and competitions. Thunder hockey, netball and a challenging trivia quiz were all part of the form competition. 8G powered through the grand final of thunder hockey and won, while 8D came out as the triumphant winners of netball. The trivia quiz featured an array of general knowledge questions and certainly tested the wits of those partaking in the event. 8C won and raked up 160 points for their form.

### Refugee Week

On the 6th of September, Stephanie Kerr, Nikki Macalister, Sarah Visser, Bianca Bindi, Oliver Fayne and Robyne Pacey organised for Year 8 students to bring in food donations for the Asylum Seekers Resource Centre, who are in desperate need of donations. The Resource Centre is a place where refugees can find food and comfort, and relies entirely on charity, so the donations were greatly appreciated. On Monday the 9th the same group of students travelled to The Resource Centre, in Footscray, to deliver the donations. Everyone was pleased when they saw how much the donations were helping the Centre.

### Wollangara Camp

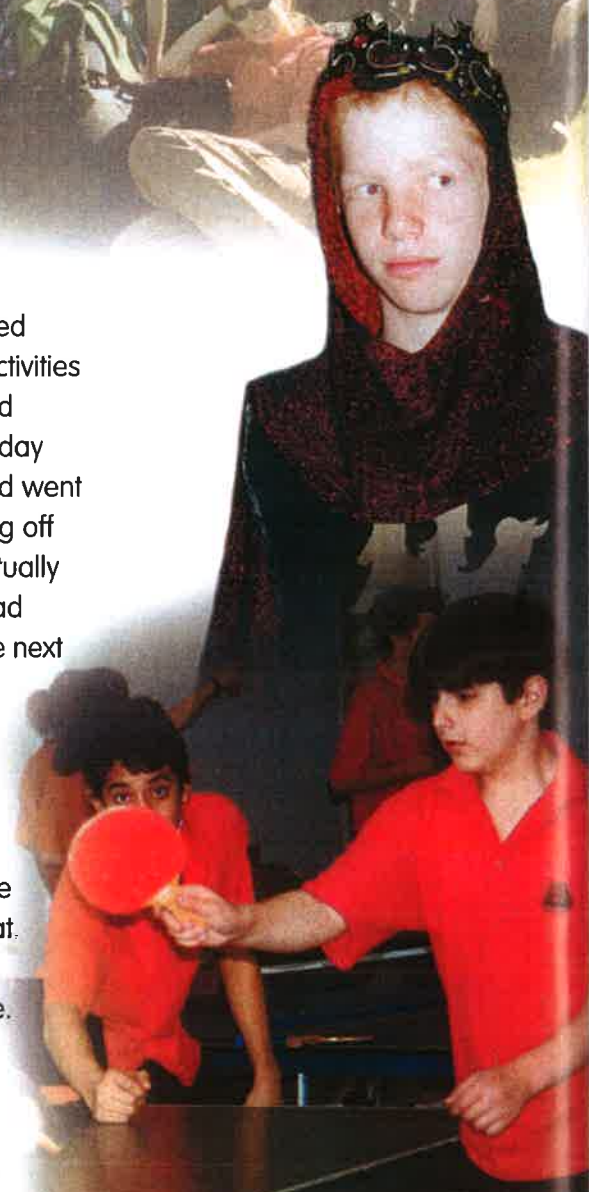

On Monday the 22nd of April, twenty-four Year 8 students got up bright and early to meet Miss Koehler at the Caulfield Station. Their destination, of course, was the wild and woolly outback camp, the legendary Wollangara.

The group anticipated a week of adventures as they travelled for 3 hours on a V-line train, bus and a bunch of bumpy jeeps. By lunchtime they arrived at a flying fox that carried them over a river to reach the campsite beyond.

The rest of the day was filled with various chores and activities such as cooking bread and fixing up a road. The next day the group split into two and went their separate ways, setting off on the long hike that eventually ended back where they had started. The highlights of the next few tiring but enjoyable days included: visiting "Guy's Hut" where some people signed a visitor's book, taking a quick dip in the beautiful Conglomerate Falls, and the last night that featured a well deserved roast around the camp fire.

After a very long week, twenty-four weary Year 8's headed back to civilization and the arms of their waiting parents. It was a very exciting and different experience for all.

By Bethany Gebert  
and Scarlett Chappell

## 8E

**Back Row:** Huy Pham, Yang Wu, Miles Miller, Oliver Fayne, Robyne Pacey.

**Third Row:** Micheal Mouritz, Alakshendra Swarup, Nicola Macalister, Aidan Davis, Kien Khuu.

**Teacher:** Micheal Bucklow

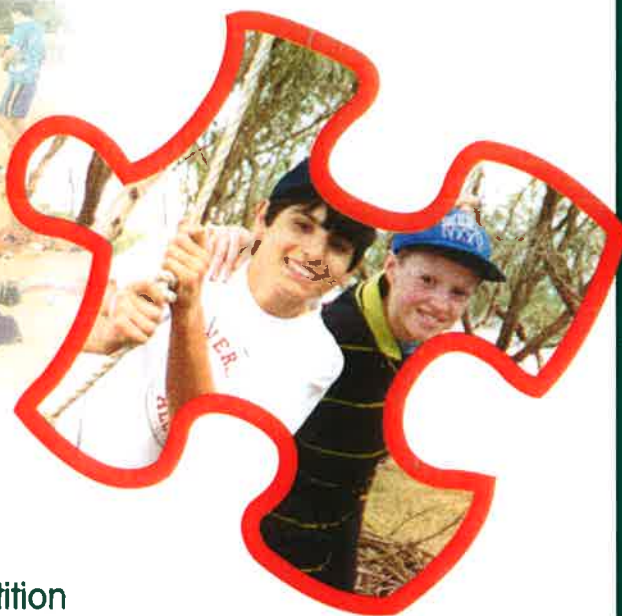

*"You're so ravenous!" — Tristan*

*"Ellwood's getting stinky." — Everyone*

*"7D, LISTEN! — Mr Bucklow 'Yummy!' — Sabba*

## Year 7

The Year 7 students have participated in many enjoyable activities this year. These have included lunchtime sport, excursions, and the always-eventful orientation camp at the Briars, Mt. Martha.

### Chess

On Fridays, a number of Year 7s have been playing chess and participating in competitions on weekends. They did very well competing against many other schools.

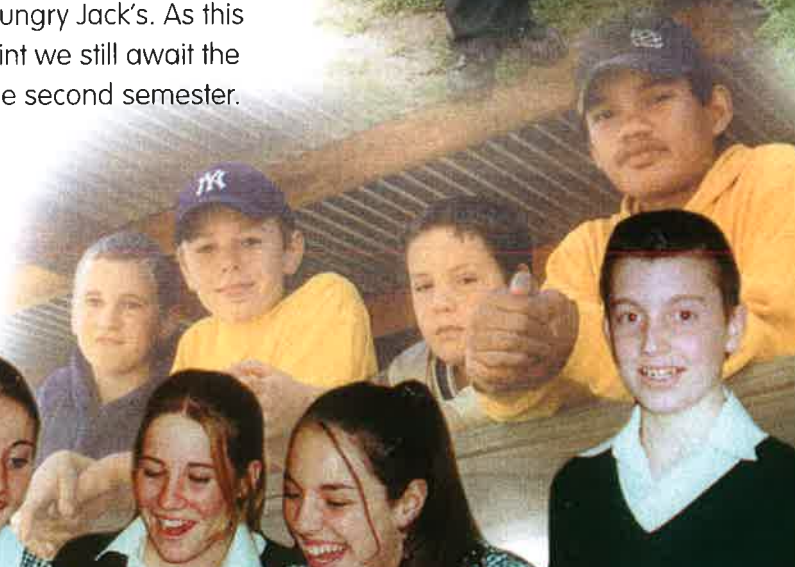

### Literacy Week

During literacy week the Year 7s worked together with some Year 9 students. They read and discussed poetry and presented oral performances, expressing their views on a variety of issues.

### Inter—Form Competition

Once again students at Year 7 have participated in a very competitive inter—form competition, which has been running since Term 1. These activities have included a karaoke competition, indoor sports like soccer and kickball and a trivia quiz. The winning form at the end of the semester is awarded with a day out.

The karaoke competition was won by Tarik Vann of 7D and this helped 7D win the competitions for the first semester. They were rewarded with a trip to an ice—skating rink followed by lunch at Hungry Jack's. As this goes to print we still await the result of the second semester.

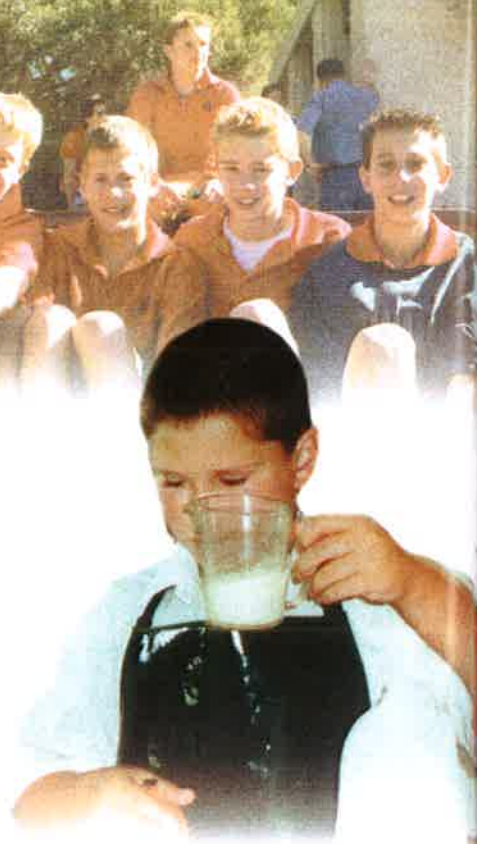

## Cross—Curricular Activities

Year 7A — D have had a unit on multiculturalism. During this unit they researched and later dressed up in costumes related to their heritage. In some classes there were as many as eighteen different cultures.

This demonstrates the multicultural nature of our school. 7E continued this theme and also did a unit on multicultural families.

All the Year 7s studied endangered species, during which they visited the Melbourne Zoo at the end of the unit.

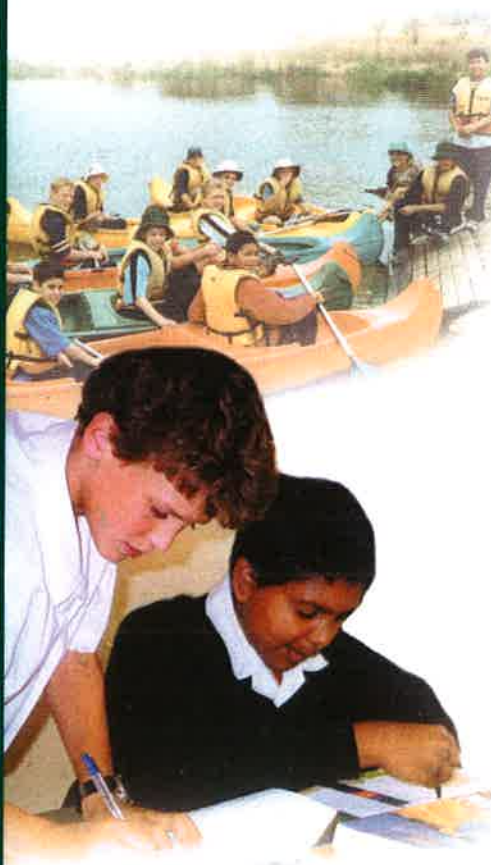

Experienced Year 7 debaters were involved in an interschool competition, competing against many different schools. They also participated in exhibition debates at local primary schools.

## Year 7 Council

The Year 7 council came up with the idea of dressing up as something beginning with the home group letter. Everyone dressed up, and the money raised was donated to the Smith Family. All together, they raised \$131, which is a great effort.

By Tim Fletcher and Ben Crowley

## 7E

**Back Row:** Jordan Mitchell, Anthony Karamolas, Hayden Woodford, Scott De Moel, Mitchell Rogers.

**Third Row:** Sam Tsekmes, Andrew Hocking, Lochlainn McLuckie, Ellie Pavlou, Sam Gordon, Andrew Flynn.

**Second Row:** Cansin Kayi, Nick Dundon, Veronica Tims, Aaron Kleinschmidt, Andrew Philpott, Lakshan Weerasinghe, Roslyn Giddings.

**Front Row:** Erin Staude, Leonora Tyers, Phoebe Bullen, Leah Dipnall, Philippa Wright, Alice Jones.

**Teacher:** Fiona Howson

*"My name is Johnson!" — Cansin*  
*Will to Mr P, "Hello Friend!" Mr P's reply, "I'm not your friend Will!"*  
*"FOOOOOOOOOOOL!" — Scott*

## 7F

**Back Row:** Timothy Ebersberger, Jack McNamara, Lindsay Thorn, Christopher McKay, Daniel Rosenberg, Thomas Kitchen.

**Third Row:** Andrew Lanson, Ben Marlow, Luke Crozier, Dean Tuckey, James Dihadjo, Paul Geros.

**Second Row:** Christopher David, Andre Skupin, Thomas Edwards, Albert Smart, Pasquale Skupin, Jarryd Fitzgerald, Hadrian Cox.

**Front Row:** Callum Lawrence, Matt Russell, Daniel Chin, Brayden Alden, Nicholas Doering, Aaron Richards.

**Teacher:** Gail Martin.

*"Owwiee!" — Scotty*

*"Beee quiet!" — Mrs Ludowyk*

*Remember the time Lindsay fell out the window?*

## 7G

**Back Row:** Charles Sexton, Alexandra MacDonald, Peter Verris, Ellen Coulter.

**Third Row:** Nicholas Merange, Sam Corcoran, Vincent Paul, Max Piantoni, Joshua Cuypers, Liam Wright.

**Second Row:** Jee Won Um, Shu xiang, Perry Ligidakis, Timothy Snowdon, Richard French, Hayden Brown, Cameron Andrews.

**Front Row:** Anna Robinson, Sophie Logan, Saskia Doherty, Maddison Capuano, Madeleine Jevons, Phillipa Moorey.

**Teacher:** Brent Thiele

**Absent –** Davor Coric, Sally Shannon

*Remember when Cameron stood on the table and jumped on Stu's head.  
Remember Mr Arnold rattling his keys in front of the class and saying:  
"Hush up children."*

## 7H

**Back Row:** Ella McDonald, James Smith, Dean Neville, Laura Gobey.

**Third Row:** Justin Tagliaferro, Emma Beanland, Campbell Talbot, Mukul Bhojnagar, Aymen Hag, Charles Tran.

**Second Row:** Jeremy Palmer, Andrew Lindsay, Brendan Choi, Niall King, Steven Hamilton.

**Front Row:** Melissa Oberfofer, Skye Young, Shelly Drenth, Emily Stapleton, Emily Box, Angela Arnold.

**Teacher:** Janelle Phillips

*"This sucks!" — Ryan*

*"This is cheap!" — Charks*

*Student to Mr Arnold at the Melbourne Zoo: "What's that Mr Arnold?"*

*Mr Arnold's reply: "It seems to be a five legged elephant!"*

## 7I

**Top Row:** John Roberts, Emma Watson, Tamara Hope, Judith Anderson, Georgina Gardiner, Siobhan Moutsias, Sophia Schmidt.

**Third Row:** Lauren Ross, Sachelo Laskari, Francisco Szilagyi, Edward Dusan, Mark Ham.

**Second Row:** Nicholas Schreuder, Ryan Fisher, Morgaine McQueen-Micamble, Jasper Grover, Andrew Thompson, Steven Andreou.

**Front Row:** Stephanie Munday, Sandra Morgan, Chanelle Kourlinis, Laura Hunter, Roxanne Cheung.

**Teacher:** Ursula Parker.

*Remember when Sach was covered in paint.*

*"Get a haircut," — Mark H*

*Let me talk! — Mrs P*

## Overseas Trips 2002

### Italy

On the 25th of November, thirty Year 10 and 11 students studying Classics set out from Tullamarine airport looking forward to a 17-day trip. After a long plane trip the group checked into a hotel in Rome and were given time to freshen up and change before exploring the city. They then joined up with a tour group and visited many unique sights including Florence, Pisa, Venice and Pompeii. The highlights of the trip were: the Colosseum with its numerous cats, Michaelangelo's David in Florence, walking the streets of Pompeii and, of course, those fantastic traditional pizza dinners.

### Japan

This year a group of Camberwell High students went to Japan. They departed from Sydney and after a rather uncomfortable 12-hour plane journey they arrived in Tokyo. The first few days consisted of shopping, walking around markets and visiting temples. They caught the train to Yokohama where they met the home-stay families they would be living with for the next week. The students attended Isogo High, participating in PE and Kanji whilst wearing kimonos. The weekend brought fun activities such as going to Disneyland, visiting the World Cup Soccer dome and some even rode the largest ferris wheel in the world. It was a great cultural experience for all.

by Bethany Gebert and Scarlett Chappell

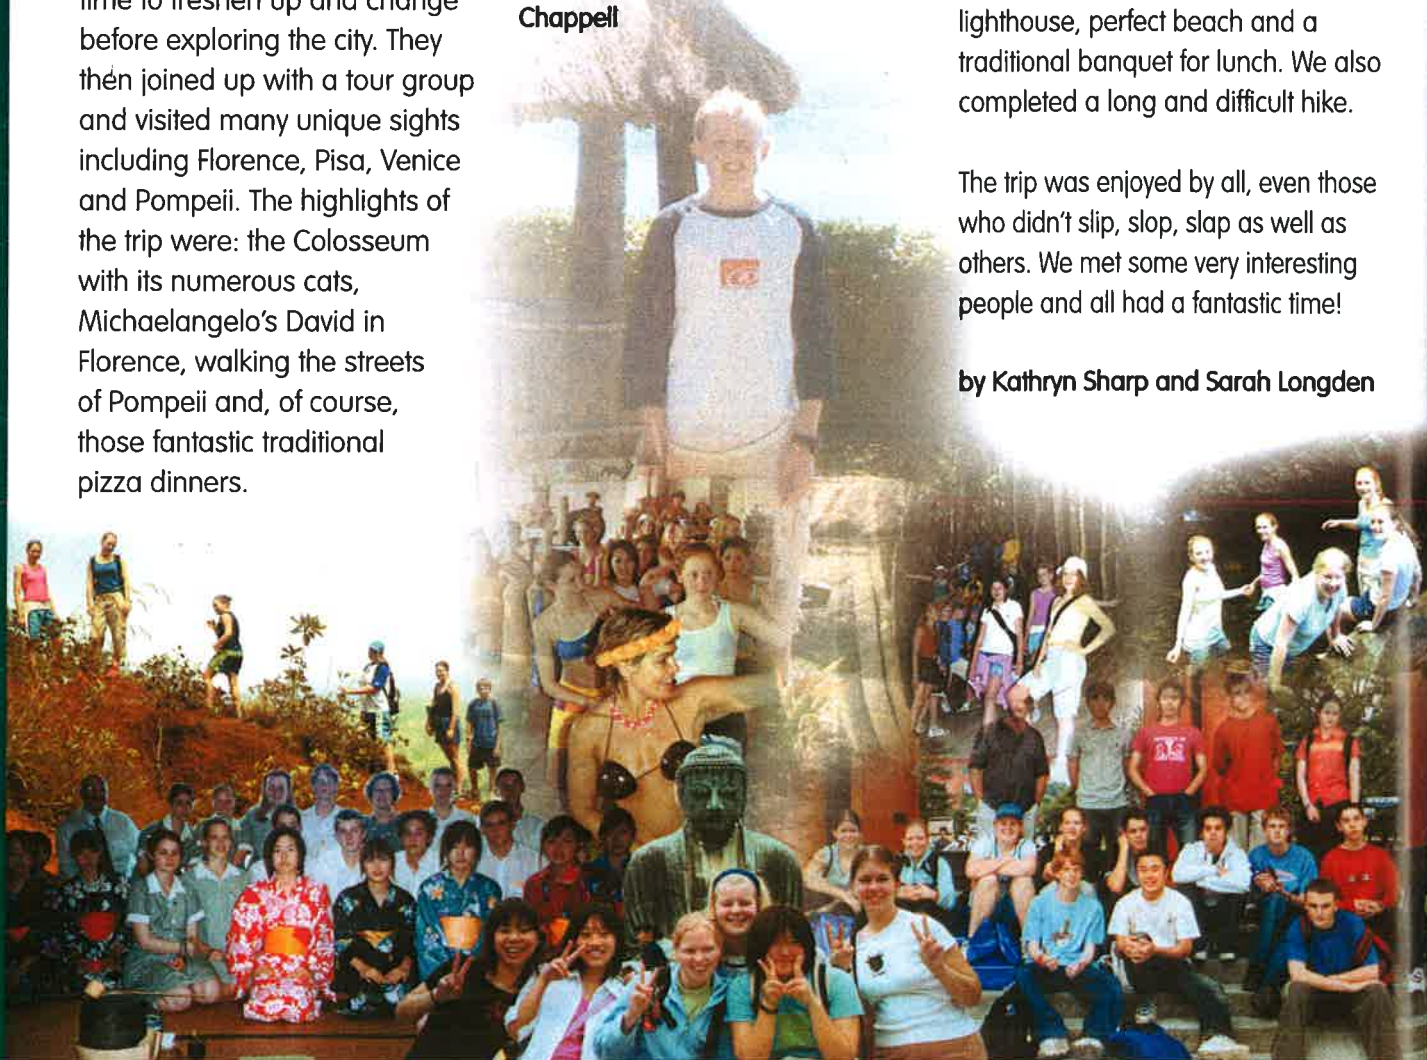

### New Caledonia

Fancy spending a week on a smallish tropical island and trying out your French? Sixteen CHS students, accompanied by Mr. Rickard and Ms. Martin, spent a week in tropical New Caledonia. On the 17th of September at 5:45am we met at Tullamarine airport to commence our surprisingly uneventful flight.

In Noumea, capital of New Caledonia we attended a couple of days at CRAIPAC language school in Noumea. This assisted the students with their French. Every morning we had a banquet of croissants, pan de chocolate, baguettes, tea, coffee, chocolate and orange juice. Afternoons were spent on the beach, shopping or touring. Almost unanimously our favourite day was our second last one. We caught a boat to a picturesque island called 'phare amedee' which had a lighthouse, perfect beach and a traditional banquet for lunch. We also completed a long and difficult hike.

The trip was enjoyed by all, even those who didn't slip, slop, slap as well as others. We met some very interesting people and all had a fantastic time!

by Kathryn Sharp and Sarah Longden

## Original Contributions

### The News Today

by Nicholas Merange

When

Children sit down

To watch the news and see what's  
happening

Locally' nationally and internationally

They are seeing pictures that could  
Influence them that this is the world.

Yes,

I know that we must

Face up to the facts of the world

But notice how many of these stories

Are murders, wars and politics.

Children growing up

May think that this is what

The world is like:

But really, these things only make up a

Small percentage of

What's happening in the

World.

Yes,

There is need to know

What's going on,

But we must tell children

That the world

Isn't just murders

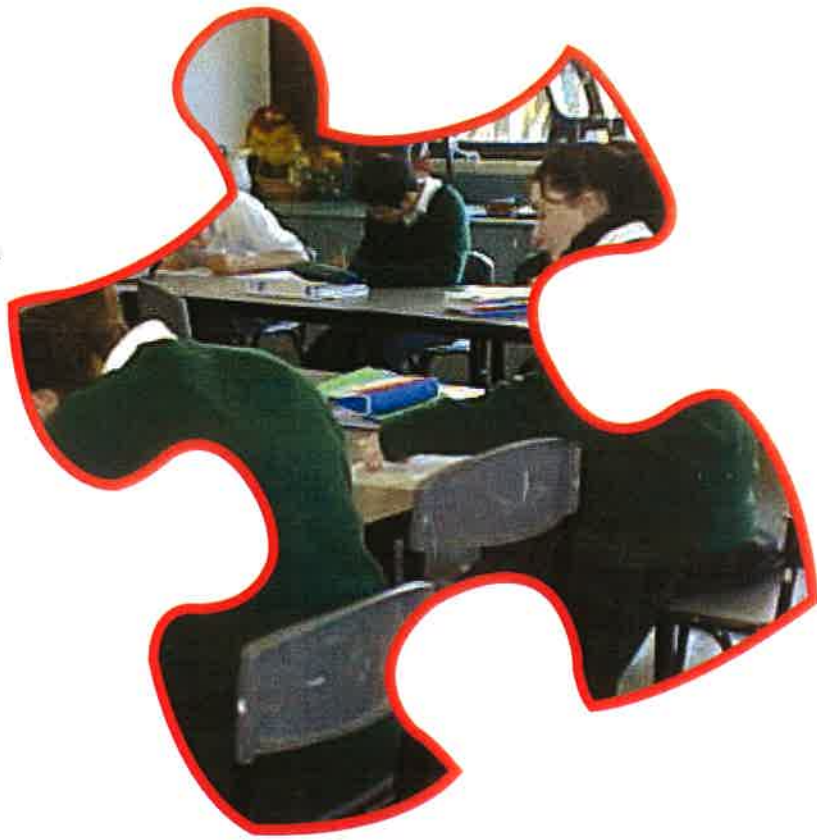

And wars

And politics,

But respect,

Love and kindness is in

The world too.

## Noah's Ark -The Untold Story

by Samantha Mitchell

The Bible tells of Noah's ark  
This tale's considerably grown  
But still the whole story has not come out  
And the truth has been left unknown

So I've decided to let you in  
(Put you up the loop)  
Tell you how the real story goes  
And give you the inside scoop

A long time ago when the Lord was all  
And non-believers considered wrong  
God sent a message to Noah  
And asked him to play along

The idea was to get the do-gooders  
And put them in a boat  
So all the sinners would drown in a flood  
And the good people would float

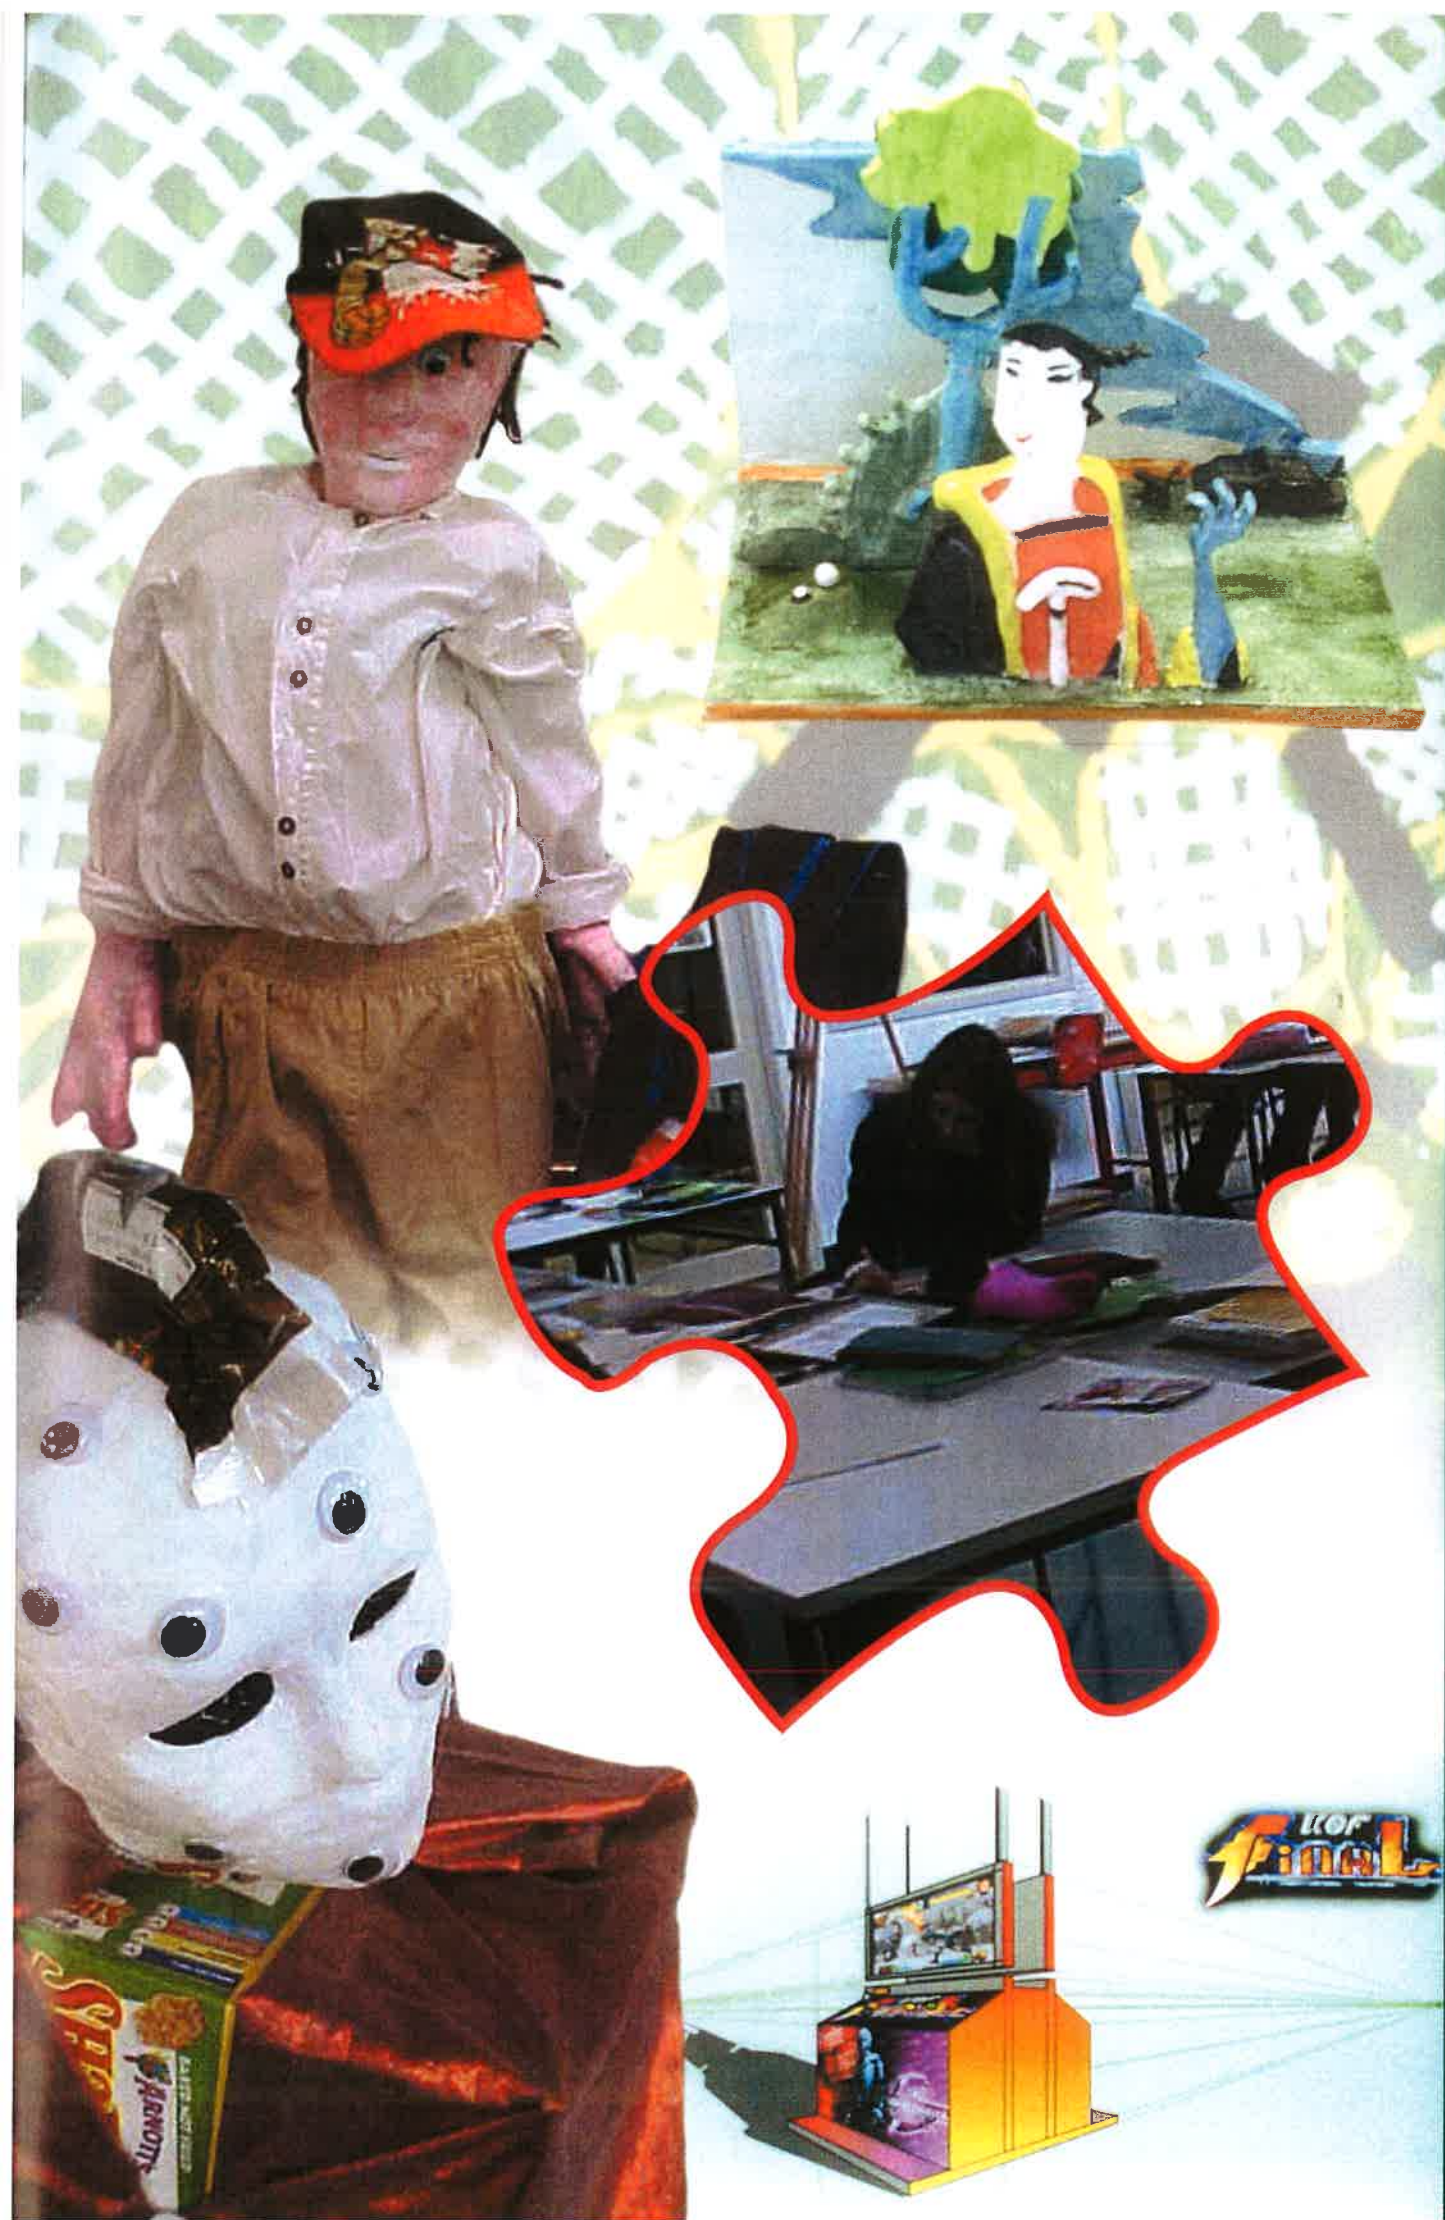

Noah built the almighty ark  
The villagers wondered why  
As the sun was burning hot  
And the ground was stony dry

Two men 'all the look' in classy attire  
Heard a rumour a flood was expected  
They were hurt they weren't in on the deal  
And among one of the Lord's selected

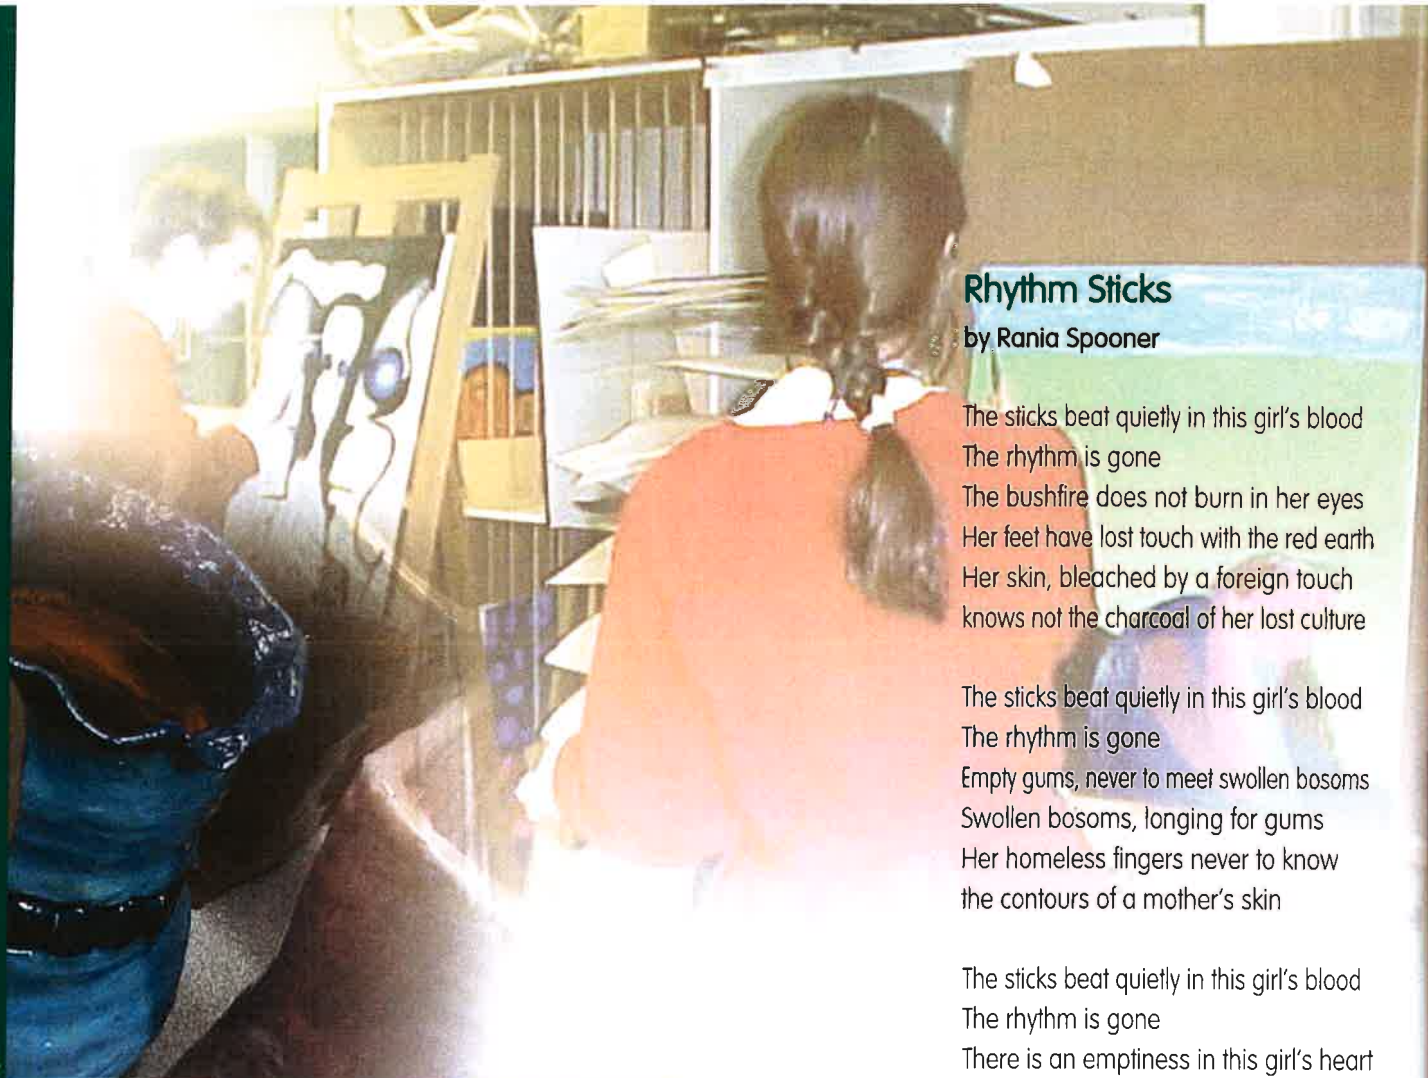

The two ruthless men were very confused  
There had been no rain for days  
But as the clouds came rolling in  
They boarded, as stowaways

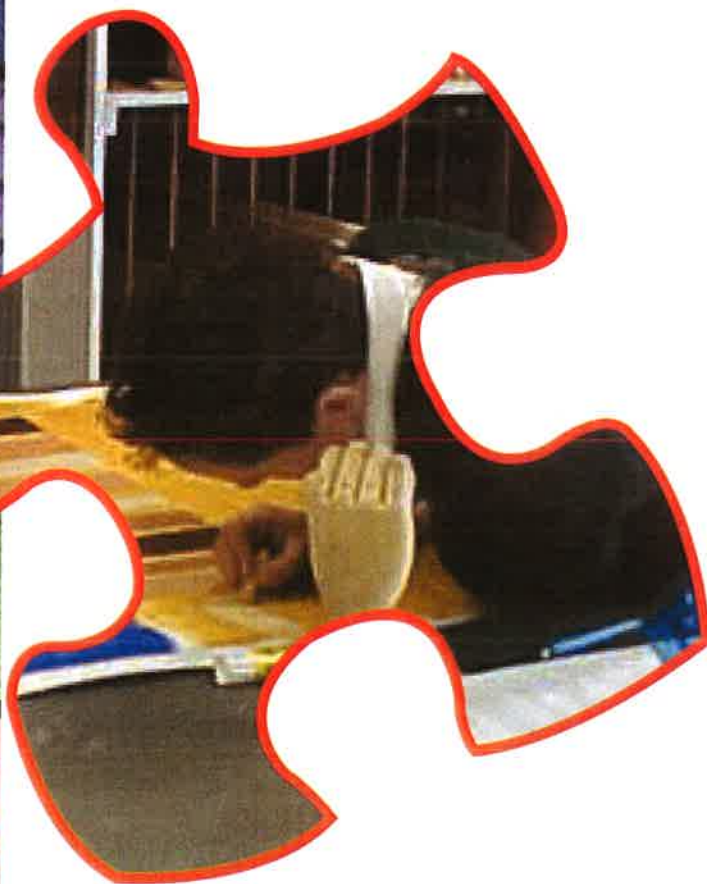

## Rhythm Sticks

by Rania Spooner

The sticks beat quietly in this girl's blood  
The rhythm is gone  
The bushfire does not burn in her eyes  
Her feet have lost touch with the red earth  
Her skin, bleached by a foreign touch  
knows not the charcoal of her lost culture

The sticks beat quietly in this girl's blood  
The rhythm is gone  
Empty gums, never to meet swollen bosoms  
Swollen bosoms, longing for gums  
Her homeless fingers never to know  
the contours of a mother's skin

The sticks beat quietly in this girl's blood  
The rhythm is gone  
There is an emptiness in this girl's heart  
A hollowed tree trunk that was once a home  
Now, only barren red soil  
A ghost in the landscape.

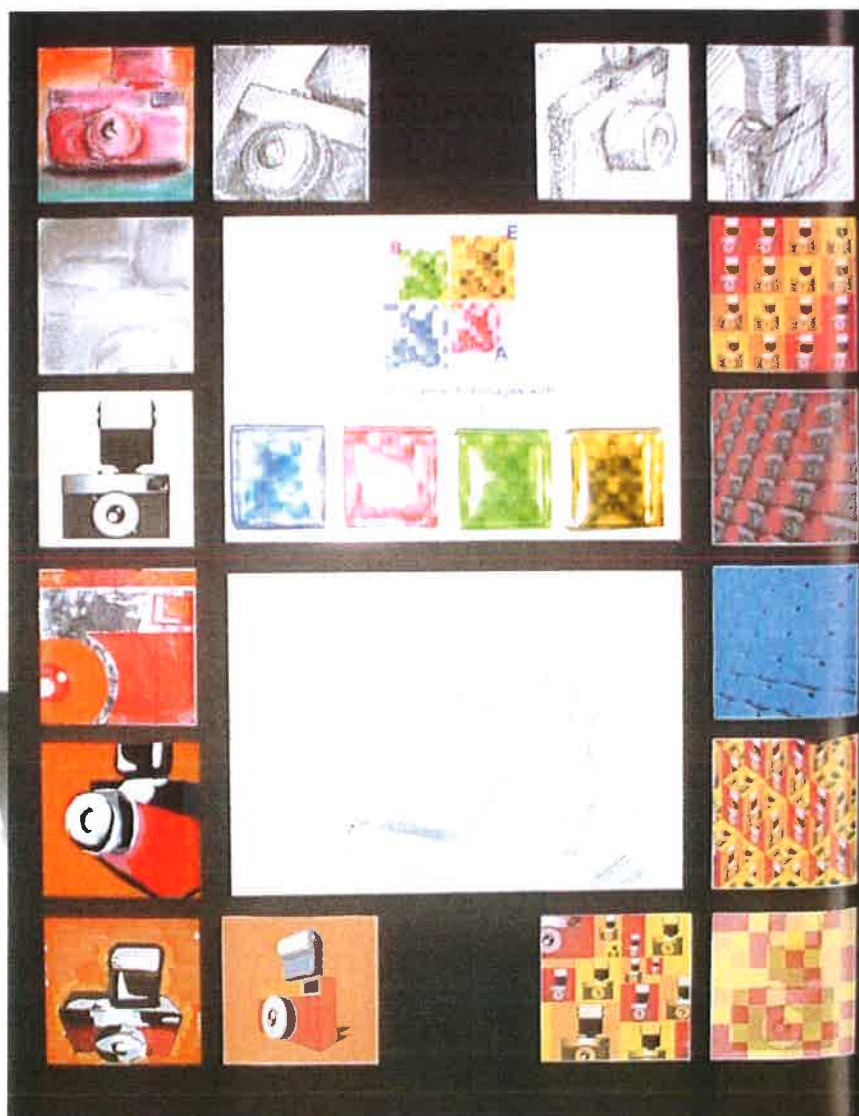

## by Katherine Neuendorf

For time will quicken with our pace,  
We'll notice less as time goes by,  
We may be first to win the race,  
But last to see the butterfly.

# I am a child

by Alice Jones

I am all the things of my past,  
 I am the sand and the sea.  
 I am all I see,  
 I am the sky and the clouds that fill it.  
 I am all I hear,  
 the screaming of my little sister and  
 the notes of the keys on the piano.  
 I am all I feel and taste,  
 the cooking of my father and  
 the softness of clean white sheets.  
 I am all I remember,  
 the photos in the attic and  
 the candles on my first birthday cake.  
 I am all I have been taught,  
 how to multiply numbers and  
 what to do in the next part of my day.  
 I am like  
 the wings of a bird, always free.  
 But one day I will understand the gift of life  
 because,  
 I am a child of the future.

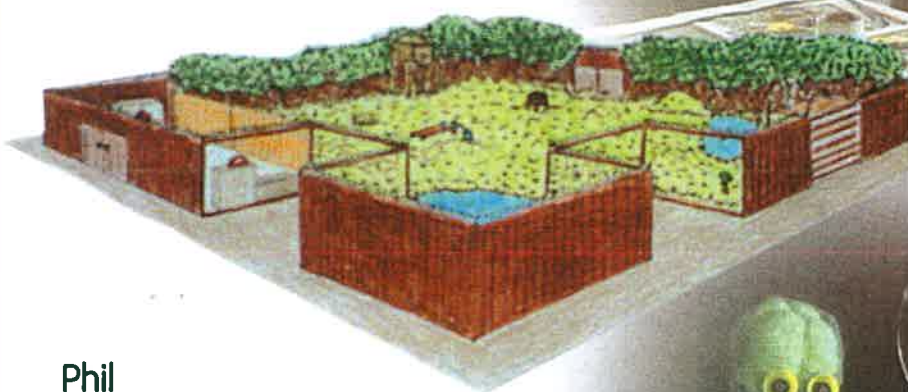

## Dreaming upstream

by Robbie Philpott

Around the twisted nettles  
And down the lonely path,  
Past the shepherd's work place  
And the blacksmith's burning hearth,  
Down along the river,  
Where salmon swim upstream,  
To a place that I call home,  
A place I like to dream.

## Phil

By Lachlan Doolan

There once was a man called Phil,  
Who one day got terribly ill,  
He turned mighty green,  
Then coughed up his spleen,  
And the hospital sent him his bill.

## False Friends

by Ben Elwood

A gaggle, a flock, bright feathers glaring  
like peacocks strutting, they come again.  
I'm seen, the murmurs start, the staring,  
grinning faces delighting in my pain.

False hugs ensnare me,  
loveless kisses planted,  
falsity personified,  
like mannequins enchanted.

Parading for appreciation,  
short skirts, long legs, bony hips.  
Leading a superficial generation,  
harsh cries issuing from beauty's lips.

Surrounding me they pause:  
to strike or speak?  
The power of shallowness  
overcomes the meek.

## Forest Feet

by Eden Cox

Those who think only  
Of their tiny moment  
And are mean with love,  
Do not walk with forest feet  
Or smell the beating rain.  
But incubate their own white blood  
And watch languid mothers ache:  
Drunk with frantic power.

## Long standing members of staff we will miss

### Mr Greg Rickard

Greg Rickard is leaving us to take up a new appointment as Head of Science at Koonung Secondary College. Greg has been at CHS for eight years and has contributed to the well-being of the students in a variety of ways: he has been

Science Coordinator, Level Coordinator and has

played a major part in the involvement of CHS students in the Wollangara outdoor education program.

His interest in science curriculum development is reflected in his major contribution to the writing and publication of new science texts for Years 7 to 10. He has also devoted time and effort to the establishment of new science facilities in the current upgrading of the school. We wish him well.

By James Gostelow

### Mrs Olwyn Gray

Mrs Gray became part of the school in 1985. In her time at CHS she has taught subjects like English, History and Politics and has also been the Student Welfare Coordinator.

Mrs Gray told us that she would remember Camberwell High as a tolerant school community with an enormous amount of good will. One of her favourite memories at CHS was the House Drama Festivals, particularly the 1992 plays.

She is now looking forward to working in the corporate world. Mrs Gray will always be remembered for her cheerful smile and ability to make anyone laugh. We will miss her deeply.

by Sophie Taylor

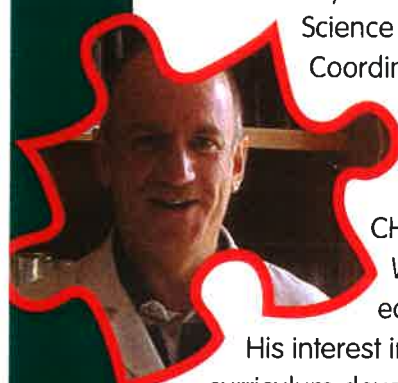

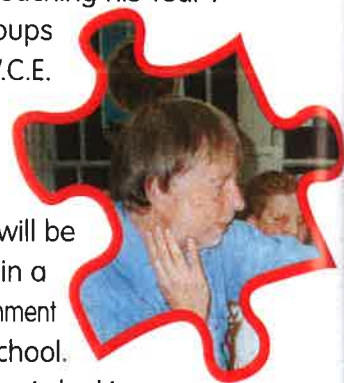

### Mr Bucklow

Before he arrived at CHS Mr. Bucklow had taught in various places in Victoria and overseas. At CHS he first worked as curriculum co-ordinator, then as the S.O.S.E. co-ordinator. He has particularly enjoyed teaching at both ends of the school. He has particularly enjoyed teaching his Year 7 home groups and his V.C.E. History.

Next year Mr. Bucklow will be teaching in a non-government all girls school. He says he is looking forward to the challenge.

His new job is part-time and will enable him to spend more time with his family. Mr Bucklow told me that he expects to miss teaching boys because of their energy and sense of humour. He also says he will miss the staff.

by Ben Snowdon

## Vale - Peter Hinchey

Year 12 student. 1984 — 2002

Peter was a member of the Class of 2002 at Camberwell High School. He was always a quiet, motivated, loyal, high-achieving and adventurous young man. He was a wonderfully skilled classical pianist, a valued contributor to the school's music program and an expert in the use of computers. His love of the outdoors was particularly evident in his enjoyment of the school camps at Wollongara.
